BRITTON<sup>®</sup>  
BATHROOMS

Elegant and modern bathrooms

# Introduction

## Britton — Form & Function.

Britton Bathrooms offers comprehensive, modular ranges of beautifully designed contemporary bathroom products. All of the ranges presented here were designed by international designer Tim Powell, arguably one of the most experienced bathroom product designers around. Tim's intimate knowledge ensures both form and function is built into every product, with the very best in engineering and performance.

## CERAMICS

There are four beautiful ceramic ranges; Fine, Curve, Cube and Compact. All offer comprehensive ranges of models to suit your needs including the option of Tall height washbasins and WCs making your bathroom space more comfortable.

*Pages 02-51*

Ceramics Overview	02-07
Fine	08-19
Cube	20-31
Curve	32-43
Compact	44-51

## TAPS & ACCESSORIES

The two brassware ranges, Crystal and Sapphire, offer every option from basin mixers through to bath shower mixers, ensuring a seamless look across your entire bathroom. The new thermostatic shower valves, paired with fantastic new shower heads, introduce safe and controllable showering for you and your family.

*Pages 52-59*

Taps	52-55
Baskets & Wastes	56-57
Accessories	58-59

## FURNITURE

The Britton Aqua-Cabinets furniture ranges are designed specifically for bathroom use. From free-standing options to fitted furniture, both available with seamless basin options and all packed with useful features, they provide a great storage space for today's bathroom necessities.

*Pages 60-105*

Furniture Overview	60-65
Compact	66-69
Gullwing & Arc	70-75
D45	76-84
D30 Fitted	84-95
Mix & Match	98-101
Cloakrooms	102-107

## BATHS

The Britton Cleargreen baths bring superb design and a wide choice of size and model configurations to meet your needs. From standard baths, to specially shaped shower baths and even free-standing baths, each manufactured from 30% recycled material.

*Pages 108-136*

Baths Overview	106-107
Freestanding Baths	108-117
Single Ended Baths	120-121
Double Ended Baths	122-124
Off-Set Baths	125
Bath Shower Screens	128-129
Showering Baths	130-136

## SHOWER TRAYS & VALVES

With the widest range of shapes and sizes available, combined with their rigid construction with metal re-inforcing, plus a low 35mm high step in, Zamori shower trays are the perfect choice for the modern bathroom.

*Pages 137-145*

Thermostatic Showering	137
Shower Tray Overview	138-139
Shower Trays	140-145

## Ceramics

Britton ceramic ranges include the exquisite Fine range with ultra sleek edges, Curve with sweeping corners, Cube with geometric and angular shapes and the Compact, a new range designed with short projection especially for bathrooms with limited space. Every basin design is interchangeable onto various pedestal options. From the sleek, round-fronted full or semi pedestal options, to the geometric square-fronted full or semi pedestal options, you can tailor make your own bathroom design to suit your individual tastes. Why not select our stunning and dramatic pedestal option in stainless steel, both as full or semi pedestal sizes, in a rounded style, for an eye-catching appearance? The Tall pedestal and Tall WC options make the bathroom a more comfortable environment for taller users and the elderly. All our stylish ranges include various basin, WC and bidet options for a consistently beautiful bathroom.

# The Ceramic Range

*Stunning Ceramic design to suit your individual tastes*

Britton's design of each core ceramic range is governed largely by the washbasin style.

From Fine with its delicate rim, Curve with subtle sweeping edges, Cube with geometric angles or the new Compact range with generous depth and short projection.

## FINE

The Fine range of basins, WCs and bidets are exquisitely crafted to form ultra slim edges to each of the ceramic pieces. These products are to be firm favourites, creating a unique designer feel to the contemporary bathroom space.

*Pages 8-19*

## CUBE

The Cube collection is a distinctive and stylishly designed range with geometric shapes and subtle angular edges, which work beautifully within a contemporary styled bathroom.

*Pages 20-31*

Every basin is crafted to the highest quality using exceptional materials and manufacturing processes. Available in a range of sizes and completely modular with various pedestal options, also with the ability to pair with matching WCs and bidets, you can create a seamless and design linked bathroom.

### **CURVE**

Spacious with soft, subtle lines, the Curve range gives a simplistic aesthetic to the modern day bathroom for those who prefer sweeping edges and a minimal appearance.

*Pages 32-43*

### **COMPACT**

The gorgeous new compact range for Britton features stunning ceramic pieces designed with a shorter projection to maximise the use of space in your bathroom.

*Pages 44-51*

# The Tall option

As Britton ceramics are designed to be completely modular, you have the option to pair the round fronted Tall pedestal design with any basin style. It has been designed to be completely modular across Fine, Cube, Curve and the new Compact ranges. Similarly, WC back-to-wall or close-coupled pans also feature as a Tall option. These have been designed specifically to ensure your bathroom is beautiful, functional and easy to use. Tall pedestals and WC pans are 6cm higher than the standard option making your bathroom easier for both taller people and the elderly. The pedestals help to reduce back pain when arching over to wash your hands whilst the WC pans help to keep knee angles at approximately 90 degrees providing more comfort in use. They also offer an easier solution to getting off the toilet for those less able.

**Tall Pedestal**  
 Curve 60cm basin £140 shown  
 with a Tall pedestal £110

**Standard Pedestal**

Curve close coupled WC with cistern with lid **£350** with Carbamide soft-close seat **£69**

Fine

CERAMICS

**nanoGLAZE**  
ceramic that stays cleaner

*A cleaner toilet, by design and with NANO Glaze*

We believe that the toilet bowl should still remain as clean as possible, even with reduced flushing water and we therefore engineer our toilet bowls to maintain the correct water area as previous British Standards and by coating the toilet bowl with NANO Glaze to make them exceptionally easy to keep clean.

Close-coupled back-to-wall WC with one piece cistern

Also available as back-to-wall or wall-hung options.

Back-to-wall bidet

Also available as wall-hung.

The Fine range of basins, WCs and bidets are exquisitely crafted to form ultra slim edges to each of the ceramic pieces. These products continue to be firm favourites, creating a unique designer feel to the contemporary bathroom space. A widely anticipated addition to the range is the new semi-recessed Fine basin, which can be elegantly set into counter-tops or as part of our Aqua-Cabinets furniture range.

50cm Washbasin

Available with full or semi pedestal options in square or round designs in ceramic or stainless steel.

#### BASIN OPTIONS ↓

The Fine washbasin is also available as a 60cm and can be wall-hung with a bottle trap or mounted on a work-top. A new Fine 55cm semi-recessed basin is also available.

CERAMICS

The Fine basin features a beautifully and uniquely minimal edge, which looks superior when paired with a full pedestal in either a round or square fronted design. The height and stance works perfectly with close-coupled WCs, available with cisterns with lids, or as a single piece of ceramic. The back-to-wall options allow you to hide all the plumbing for the neatest look.

#### PEDESTAL OPTIONS ↓

All Fine basins can be mounted on Cube square full and semi pedestals, allowing the freedom to create the perfect look

*This page:* Fine back-to-wall bidet £240 with Crystal bidet mixer £189, Fine back-to-wall WC with Carbamide soft-close seat £309 with concealed cistern and flush plate and toilet roll holder £50. *Opposite:* Fine 60cm basin and square full pedestal £300 with Crystal basin mixer £149 and click-clack waste £24. Fine close-coupled back-to-wall WC with cistern with lid and Carbamide soft-close seat £479 and soap dispenser £43.

*See page 16 for technical details on the Fine basin and page 18 for technical details on the Fine WC range.*

## SEMI-RECESSED BASIN

*Design a bathroom to suit your specific needs*

A widely anticipated addition to the Fine range, a stunning semi-recessed basin with a 55cm width allows you to tailor your bathroom to suit your own individual tastes. Set into counter-tops, or pair with our stunning furniture range by Aqua-Cabinets.

*See page 16 for technical details on the Fine basin.*

# Curve

CERAMICS

Spacious with soft, subtle lines, the Curve range gives a simplistic aesthetic to the modern day bathroom for those who prefer sweeping edges and a minimal appearance.

**nanoGLAZE**  
ceramic that stays cleaner

*A cleaner toilet, by design and with NANO Glaze*

We believe that the toilet bowl should still remain as clean as possible, even with reduced flushing water and we therefore engineer our toilet bowls to maintain the correct water area as previous British Standards and by coating the toilet bowl with NANO Glaze to make them exceptionally easy to keep clean.

**Close-coupled back-to-wall WC**  
Also available as open-back, back-to-wall or wall-hung options.

**Back-to-wall bidet**  
Also available as wall-hung.

**50cm Washbasin**  
Available with full or semi pedestal options in square or round designs in ceramic or stainless steel.

**BASIN OPTIONS** ↓

The Curve washbasin is also available as a 60cm option, or a 55cm semi-recessed for use within our stylish furniture pieces by Aqua-Cabinets, or as a countertop basin.

This close-coupled set is both minimal and stylish, offering you simple installation. The subtle lines create a beautiful aesthetic but also provide great functionality with deep basins giving ample room to wash your hands.

Curve 60cm basin £140 with Crystal basin mixer without pop-up waste £169 and click-clack waste £24.  
See page 40 for technical details on the Curve basin and page 42 for technical details on the Curve WC range.

Curve back to wall bidet £180 with Crystal bidet mixer £189.

Curve back-to-wall WC with carbamide angled soft-close seat £249.

All prices include VAT at 20%

The all in one curve basin is a striking piece for those wanting to make an impact in a modern bathroom. Pair with a Curve back to wall WC and Britton accessories to ensure this basin is the centrepiece of the bathroom.

Curve free-standing basin including white ceramic waste £760  
with Sapphire basin mixer without waste £199.

*See page 40 for technical details on the Curve basin.*

CERAMICS

A smart option for smaller bathrooms, our wall-hung products give a great impression of space and hide all the plumbing. Pair wall-hung WCs and bidets with the beautiful Curve basin in either 50cm or 60cm sizes as vanity work-top basins, maximising space available and providing useful work surfaces.

PEDESTAL OPTIONS ↓

All Curve basins can be mounted on Cube round full and semi pedestals, allowing the freedom to create the perfect look

Curve 60cm basin £140, Sapphire basin mixer without pop-up waste £179 and click-clack basin waste £24. Curve wall-hung WC with Carbamide soft-close seat £249 and concealed cistern with flush plate, Curve wall-hung bidet £180 with Crystal bidet mixer £189.

See page 40 for technical details on the Curve basin and page 42 for technical details on the Curve WC range.

Back-to-wall options continue to be a popular choice with those wishing to create an illusion of space within smaller bathrooms. Pair with wall-hung basins, basins set into fitted furniture or counter-tops to create functional storage options.

# Compact

CERAMICS

The gorgeous new compact range for Britton features stunning ceramic pieces designed with a shorter projection of 40cm to maximise the use of space in your bathroom. Available in 45cm, 55cm and 65cm widths.

**nanoGLAZE**  
ceramic that stays cleaner

*A cleaner toilet, by design and with NANO Glaze*

We believe that the toilet bowl should still remain as clean as possible, even with reduced flushing water and we therefore engineer our toilet bowls to maintain the correct water area as previous British Standards and by coating the toilet bowl with NANO Glaze to make them exceptionally easy to keep clean. This is of great benefit for WC pans with a shorter projection such as the Compact range, where the angle of the ceramic is steeper. NANO Glaze aids a cleaner toilet bowl.

**55cm washbasin**  
Available with both full or semi pedestal options.

**Close-coupled WC**  
Also available as wall-hung or back-to-wall options.

**BASIN OPTIONS** ↓

The Compact washbasin is also available as a 45cm option to suit smaller bathrooms.

*This page:* Compact 45cm basin with round semi pedestal £220, Crystal basin mixer £169 and click-clack basin waste £24. Compact wall-hung WC with Compact Carbamide soft-close seat £289. *Opposite:* Compact 65cm basin with round pedestal £260, Crystal basin mixer £169 and click-clack basin waste £24. Ceramic soap dispenser £64. Compact back-to-wall WC with Compact Carbamide soft-close seat £289, toilet roll holder £50. Compact 45cm basin with round semi pedestal £220, Crystal basin mixer £169 and click-clack basin waste £24.

*See page 51 for technical details on the Compact basin and page 50 for technical details on the Compact WC range.*

The close-coupled option in this new Compact range offers a stylish and ultra-modern solution to bathroom requirements where space is limited. To maximise space in your bathroom, choose a combination showering bath from the Cleargreen range which also are available in smaller sizes, at just 150cm.

*This page and opposite:* Compact 55cm basin with round full pedestal £240, Crystal basin mixer without pop-up waste £169 and click-clack basin waste £24. Compact close-coupled WC with cistern and lid and Compact Carbamide soft-close seat £399, stainless steel toilet roll holder £50. Ecoround 150cm left-handed bath £359 with front panel £129 and end panel £69, click-clack bath waste £39, bath screen £259 and Crystal bath shower mixer £429.

*See page 50 for technical details on the Compact WC range and page 51 for technical details on the Compact basin range.*

## Furniture

Britton offers fantastic furniture solutions with its Aqua-Cabinets range; the first furniture range specifically designed for the complexities of the bathroom environment. We provide ample storage solutions for your bathroom, making it both a beautiful and functional space. From fully fitted furniture to free-standing options packed with innovative features such as soft-close doors and drawers, internal lighting or wide opening doors each designed to pair with selected countertop basins. Every piece comes in five colours; White, Reef, Black, Ocean and Anthracite. Whatever your requirements for storage in your bathroom, Aqua Cabinets by Britton covers your needs and tastes perfectly.

All images within this brochure are, where possible, a true representation of our products. Some colours may vary. Please visit the website for more details or visit your local dealer for colour samples.

## Clever features & smart details

### ADJUSTABLE GLASS SHELVES

6mm shatterproof safety glass is used to improve visibility inside the units, and to improve hygiene and easy cleaning!

### FIVE COATS OF PAINT

To keep your furniture looking its best five layers of paint are applied, with the top layer being UV resistant to protect against fading by sunlight.

### SOFT-CLOSE DOORS & DRAWERS

All cabinets and furniture pieces are equipped with soft-close drawers and doors for that extra bit of luxury in your bathroom.

### INTEGRATED BASINS

Choose from a range of basins, which cover the entire width of your furniture. This not only looks great with no joins, but also provides a great work-surface.

### CABINET & DRAWER LIGHTING

A battery operated LED light illuminates the inside of your cabinet or drawer. No switches - our motion detector turns on the light with any movement.

### MOOD LIGHTING

Mood lighting under all our mirrored units with lights - to create a warm designer feel within the bathroom.

# Designed using the best materials

*Modern materials that can cope with the demanding environment of a bathroom*

## CERAMIC

Ceramic is a remarkable material with unparalleled resistance to abrasion and staining. It has excellent strength and due to a quality manufacturing process, finished with a silica glaze, our basins have greater depth of colour and prevent porosity.

**The Britton Aqua-Cabinet furniture range has been designed to provide both stylish and functional furniture, which is attractive and fit for purpose in the modern day bathroom.**

## SPACE

Designed with you in mind, the furniture pieces all provide maximum storage abilities, some with wide open doors and curved edges to allow for great accessibility. Integrated basins and worktops also provide ample space for all bathroom necessities.

## BATHROOM SPECIFIC

Crafted using moisture resistant materials, all furniture is resistant to warm and moist environments. Finished with UV resistant lacquers, any natural or illuminated light will also not damage your furniture or cause the colours to fade.

## QUATTROCAST®

Quattrocast is a modern material perfectly adapted for use in the bathroom. Finished with a coat of polyester resin, the basins have a durable layer impervious to bacteria. The base layer is manufactured using exceptionally high-quality materials and allows us to design sharply defined basins with long runs of worktops, perfect for our free-standing furniture pieces. These shapes would be impossible to achieve with traditional materials.

# Freestanding Furniture

## COMPACT

A stunning collection from Britton Aqua-Cabinets comes in the form of the Compact furniture range, including wall-hung or free-standing curved vanity units in either 60cm or 90cm with integral Quattrocast basins. These beautiful additions to the range feature deep soft-close drawers for maximum storage.

*Pages 66-69*

## GULLWING & ARC

Curvaceous free-standing furniture units with integral basins. The rounded doors open wide, allowing for greater use of space and functionality. Motion sensed lighting is optional and soft-closing doors and a glass shelf make this piece an ingenious and innovative stylish storage solution.

*Pages 70-75*

## D45

The D45 units can be paired with other furniture units from the Aqua-Cabinets range to create a suitable storage solution tailored to your specific needs. Choose from a range of sizes 60cm, 90cm or 120cm as either a single or double basin option. Also available with motion sensed lighting.

*Pages 76-83*

# Fitted Furniture

## D30

D30 Aqua bathroom furniture is the classic format of the modern bathroom. The base cabinets are only 30cm deep, with generous semi-inset basins. The range is versatile with the option to combine drawers, cupboard units and WC's. For maximum storage the range includes a 190cm tall unit. Also available are a complete set of mirrors and mirrored cabinets.

*Pages 84-95*

# Mix & Match

## VARIOUS

Aqua-Cabinets have been designed so that you can match the D45 base units with the D30 base units to maximise function storage space.

*Pages 98-101*

# Cloakroom

## VARIOUS

Perfect for those rooms where space is a challenge - Aqua Cabinets cloakroom furniture offers wall hung and floor standing slimline units offering a solution for every space no matter how small.

The basins are large enough for a main bathroom and there is the luxury of ample storage in the cloakroom range.

*Pages 102-107*

**COMPACT** A stunning collection from Britton Aqua-Cabinets comes in the form of the Compact furniture range, including wall-hung or free-standing curved vanity units in either 60cm or 90cm with integral Quattrocast basins. These beautiful additions to the range feature deep soft-close drawers for maximum storage.

\* To order the correct furniture colour simply remove the 'z' from the product code and replace it with 'W' for White, 'B' for Black, 'G' for Anthracite Grey or 'O' for Ocean.

**D45 CERAMIC** A ceramic worktop with integral basin, pair with various furniture units from the Aqua-Cabinets range to create a suitable storage solution tailored to your specific needs. Choose from a range of sizes 60cm, 90cm or 120cm as either a single or double basin option. Also available is motion sensed internal lighting which automatically switches off when no movement is detected.

## Colours

\* To order the correct furniture colour simply remove the 'z' from the product code and replace it with 'W' for White, 'B' for Black, 'G' for Anthracite Grey or 'O' for Ocean.

*As shown, this page:* D45 90cm ceramic basin £199 (C9045 page 80) 90cm black double drawer cabinet £599 (D46B; page 81). Accessories page 58. Tap page 53.

*As shown, opposite page:* D45 120cm illuminated mirror £439 (M40W; page 84) and D45 120cm ceramic basin £200 (C1245; page 80) two of D45 60cm drawer cabinets £499 each (D45W; page 81). Accessories page 58. Taps page 53.

As shown: Arc white 90cm left hand cabinet & Quattrocast basin £937 (CL3W & Q9045L; page 74 and page 80.)

**D45 CERAMIC** This range boasts traditional ceramic basins. The basins are manufactured from Fine Fire Clay. This material has the benefit of greater stability during firing in the kiln, allowing us to create exceptionally large ceramic pieces. The worktops are a generous 45cm deep, and come in a variety of lengths and options - from 60cm to 120cm long, with single or double bowls. The basins are fully formed from within the worktop for a seamless finish.

FURNITURE

# Fitted furniture

## *The illusion of space*

A fitted bathroom with a straight line of base and wall cabinets covering one wall, often looks bigger than one with free-standing individual pieces. The un-interrupted straight lines accentuate the length of the interior and provide clever storage space in the modern bathroom.

### STEP 1 CHOOSE YOUR COLOUR

Our fitted furniture is available in five colours: White, Anthacite, Reef\*, Black and Ocean.

### STEP 2 WORK OUT THE SIZE

Choose the length of your furniture run - 60cm, 90cm, 120cm, 150cm or 180cm.

### STEP 3 CHOOSE YOUR BASE UNITS

Choose your base units to add up to the length of your run. You will need at least one basin unit, possibly a WC unit, and then make up the rest of the run with low or tall storage units.

### STEP 4 SELECT YOUR BASIN

You can choose from a Quattrocast top with an integrated basin, or a ceramic semi-inset basin with a wooden worktop. The Quattrocast should be the same length as the sum of your low storage, WC and basin units combined. For example, a 60cm basin, plus a 60cm WC plus a 30cm low storage unit requires a 150cm Quattrocast top.

### STEP 5 WHICH WORKTOP?

If you are using a ceramic semi-inset basin then choose a worktop to cover the run of cabinets. The ceramic basin will be cut into the worktop during installation.

### STEP 6 ADD WALL UNITS

Choose wall units to go above your base units. Combinations of 30cm or 60cm wide cupboards with or without mirror doors. Alternatively choose a mirror or illuminated mirror - size options of 50cm, 60cm, 90cm or 120cm wide.

### STEP 7 FINISHING TOUCHES

Include a demisting pad for fitting behind the mirror to stop your mirror misting up. The mirror will need to be wired to the mains. Add internal lighting to cabinets to illuminate your storage when movement is detected.

\*Whilst stocks last

As shown opposite page: D30 semi recessed basin cabinet (D370) £259  
 D30 30cm floor standing cupboard cabinet (2 x D310) £199  
 D30 60cm mirrored wall cupboard (C400) £309  
 D30 wall cupboard (2 x C100) £179  
 D30 30cm cupboard cabinet (D310) £199  
 D30 back to wall cabinet with flush plate (W320) £389

**D30 FITTED BATHROOM FURNITURE** D30 Aqua bathroom furniture is the classic format of the modern bathroom. The base cabinets are only 30cm deep, with generous semi-inset basins. The essence of this range is its versatility - the units can be combined to fit exactly into the space available, combining drawers and cupboards, basins and WC's. For maximum storage the range even includes a 190cm tall unit. To complete the look the range has a complete set of wall cabinets and mirrors. The illuminated mirrors provide a good light for shaving (or even putting on a bit of lipstick).

switches on via a movement sensor and  
switches off automatically after 15 seconds  
after no movement is detected. Powered by  
four AAA batteries  
Code: LED1 £36

# The Magic of Light

The success of a bathroom design is critically dependent on lighting. Not only does it define the interior space, but the bathroom is essential for those important grooming rituals.

Aqua-Cabinets has developed a unique lighting system. To soften harsh shadows a row of white LED lights run along the front top edge, which is then reflected back by the mirror as well - these multiple strips of crisp light provide the optimum light levels. The 'multiple' sources of light mimic sophisticated photographic portraiture lighting set ups.

A further row of white LED lights run along the bottom edge of the mirror. This illuminates the basin/work top area. The multiplicity of light sources not only creates a perception of space, but softens the mood of the living space.

A movement sensor switch is used as the on/off control - this means the lighting can be controlled by the wave of a hand inside the bathroom, rather than having the switch outside (or controlled by a nasty pull cord hanging from the ceiling).

The demisting pad prevents the mirror 'fogging up' if the bath or shower is used. It fits onto the back of the mirror.

30cm tall unit £359, 60cm mirrored wall cabinet £309, 60cm wall cabinet £269. 60cm semi-recessed unit £259 with 120cm left-handed Quattrocast basin £279, Sapphire basin mixer without pop-up waste £159, 60cm WC unit with flush button £329, Cube back-to-wall WC with Carbamide soft-close seat £273.

note: total price excludes basin, wc and tap

See page 86 for technical details on fitted furniture.

FURNITURE

### ILLUSION OF SPACE

More is less! A 'fitted' bathroom with a straight line of base and wall cabinets covering one wall often looks bigger than one with free standing individual pieces.

The uninterrupted straight lines accentuates the length of the interior - a clever trick of the eye. The real beauty is that a fitted look also solves the problem of storage space in the modern bathroom.

### UNITS USED IN THIS BATHROOM

*This page: Total £1759.*

 <p>30cm tall unit Code: D35B £359</p>	 <p>60cm wide mirrored wall cabinet Code: C40B £309</p>	 <p>60cm wide mirrored wall cabinet Code: C40B £309</p>	 <p>60cm worktop Code: T31B £44</p>

White	Anthracite Grey	Black	Ocean

\* To order the correct furniture colour simply remove the 'z' from the product code and replace it with 'W' for White, 'B' for Black, 'G' for Anthracite Grey or 'O' for Ocean.

**MIX & MATCH**

Aqua-Cabinets have been designed so that you can match the D450 base units with the D300 base units to maximise function storage space.

A combination of base units with the wall cabinets and mirrors gives the bathroom an integrated and fully designed look.

**UNITS USED IN THIS BATHROOM**

## Compact 25

### 25CM DEEP CABINETS & BASINS

Compact 25 Cloakroom basin left  
with overflow, 1 tap hole only  
W: 50.5cm, D: 25cm, H 15cm  
Code: CR.1730 £120

Compact 25 Cloakroom basin right  
with overflow, 1 tap hole only  
W: 50.5cm, D: 25cm, H 15cm  
Code: CR.1731 £120

Compact 25 floor mounted  
Cloakroom cabinet  
with soft close door & glass shelf  
W: 49cm, D: 21cm, H 77cm  
Code: R20z\* £200

Compact 25 wall mounted  
Cloakroom cabinet  
with soft close door & glass shelf  
W: 49cm, D: 21cm, H 51cm  
Code: R10z\* £170

**COMPACT** The Compact 25 has a projection of only 25cm, making it ideal for long, narrow cloakrooms. The width of 50.5cm is sufficient to still make this basin function very well for washing hands. If you have the luxury of a slightly wider cloakroom, the Compact 30.5 allows that slightly more spacious washing area. The basins (which are handed - specify the tap on the left or on the right) are made from glazed ceramic. The cabinets are available as either a wall hung or floor standing unit. The cabinet has a glass shelf and soft close hinges. The door is reversible to open either left or right.

As shown: Compact 25 cloakroom left basin CR.1730 £120 (this page)  
Compact 25 ocean wall hung cabinet R10W £170.

## Compact 30.5

### 30.5CM DEEP CABINETS & BASINS

Compact 30.5 Cloakroom basin left  
with overflow, 1 tap hole only  
W: 50.5cm, D: 30.5cm, H 15cm  
Code: CR.1976 £150

Compact 30.5 Cloakroom basin right  
with overflow, 1 tap hole only  
W: 50.5cm, D: 30.5cm, H 15cm  
Code: CR.1975 £150

Compact 30.5 floor mounted  
Cloakroom cabinet  
with soft close door & glass shelf  
W: 49cm, D: 27cm, H 77cm  
Code: R40z\* £200

Compact 30.5 wall mounted  
Cloakroom cabinet  
with soft close door & glass shelf  
W: 49cm, D: 27cm, H 51cm  
Code: R30z\* £170

**WALL HUNG OR FLOOR STANDING** The Compact cloakroom cabinets come in two forms: wall hung for an ultra modern look, or floor standing for homes for a more traditional look (and useful for cloakrooms with plasterboard walls) Both cabinets also come in 25cm depth or 30.5cm depth.

As shown: Compact 30.5 cloakroom left basin CR.1731 £120  
Compact 30.5 white floor mounted cabinet R40W £200.

All prices include VAT at 20% and exclude taps & wastes (see pages 52-57).  
For detailed measurements and specifications see: [www.brittonbathrooms.com/aquacabinets/compact-30](http://www.brittonbathrooms.com/aquacabinets/compact-30)

## All-in-One

**ALL-IN-ONE** A cloakroom always has space as a challenge. The All-in-One is an ingenious solution! The unit is 50cm wide, and only 25cm deep. Yet not only does it contain a very useful storage cabinet underneath the ceramic basin, but the toilet roll and the brush and holder is contained within the space of the cabinet. The brush and toilet roll side can be mounted either on the left or the right hand side of the unit. The door is reversible to open left or right. The unit is floor standing, and contains one glass shelf.

### 25CM DEEP CABINETS & BASINS

Compact 25 Cloakroom basin left  
with overflow, 1 tap hole only  
W: 50.5cm, D: 25cm, H 15cm  
Code: CR.1730 £120

Compact 25 Cloakroom basin right  
with overflow, 1 tap hole only

Code:40.1974 £210

Cube 50cm basin  
with overflow, 1 tap hole only  
see page 22 & 28  
W: 50cm, D: 40cm, H 15cm  
Code: 20.1956 £160

Curve 50cm basin  
with overflow, 1 tap hole only  
W: 50cm, D: 40cm, H 15cm  
Code: 30.1967 £150

**AQUACUBE** The AquaCube unit is that special combination of a unit small enough for a cloakroom yet with a decent size basin which would not embarrass a main bathroom. The basins (and there are three options) are made from glazed ceramic, which are mounted on a wall fixed cabinet big enough for most essentials. The cabinet has soft close hinges. The door is reversible to open left hand or right hand. Matching mirrors and cabinets are available - see pages 14 and 15.

As shown: Curve 50cm basin 30.1967 £150, Aquacube cabinet R60B £175.

## Floor Mounted Tablet

All Britton Cistern fittings  
are WRAS approved

**THE TABLET** A 21st century solution for the contemporary bathroom. The TABLET is a wc furniture unit designed to maximise space, with only a 15cm projection from the back wall. The ingenious feature is the reflective glass front. Made of hard wearing safety glass, with a gloss white backing, the Tablet is highly functional whilst, at the same time, increasing the perception of space within the bathroom. The TABLET is available in two options: a floor standing back to wall pan version, and a wall hung pan option with integrated steel frame for worry free rigidity and strength.

The WRAS approved cistern fittings are operated from a rectangular chrome flush plate cleverly situated on the top surface. The fittings feature a water saving 3 and 6 litre flush. The carcass is colour coordinated with the AquaCabinet base and wall units. Designed to provide easy access to the internal cistern for care – free maintenance and quick installation.

The tall pan is not available as an option with the Tablet. The Tablet can only be used with a standard height pan.

As shown: Tablet floorstanding black W35B £399  
(see page 42 for Curve back to wall pan & soft close seat).

# Bathing

Britton offers an extensive collection of free-standing, single or double-ended, off-set and showering baths from the Cleargreen range. Each of the baths are manufactured to produce a greener product using 30% recycled material, built stronger to withstand an enormous weight of 2.3 tonnes. The baths manufactured in this way also retain heat for 30 minutes longer than a standard bath providing you with a longer, more relaxing bathe. The combination of the unique manufacturing process and steel re-inforcing rods within the bath rims, make Cleargreen baths the most rigid on the market.

*For full technical details go to [www.brittonbathrooms.com](http://www.brittonbathrooms.com)*

## Looking for a stronger bath?

- > Built stronger to withstand 2.3 tonnes
- > Retains heat 30 minutes longer than a standard bath
- > 10 year guarantee
- > Supplied with galvanised steel leg frame
- > Manufactured from 30% recycled material

Standard bath                      Cleargreen Bath

Steel reinforcing rod making Cleargreen the strongest baths on the market

**FREEFUERTE** A sumptuous, oval shaped free-standing two piece bath with surround which will act as an eye-catching centre-piece to any contemporary bathroom. Pair with a luxurious floor-standing bath filler.

Freefuerte bath (174cm x 87cm) and surround £949 and Sapphire floor-standing bath filler £749. Click-clack bath waste and overflow £39.

Why Cleargreen baths are the best

- Built stronger to withstand 2.3 tonnes!
- Retains heat longer than a standard bath
- 10 year guarantee on all Cleargreen baths
- Supplied with galvanised steel leg frame
- Manufactured from 30% recycled material
- Cleargreen baths use encapsulated recycled composite baseboards which is stronger and greener than chipboard
- Cleargreen baths use reinforced quality Lucite acrylic
- 10mm diameter steel reinforcing rod runs inside rectangular bath rims

Standard bath                      Cleargreen Bath

Steel reinforcing rod making Cleargreen the strongest baths on the market

**SUSTAIN SINGLE ENDED BATH - SQUARE**

The Sustain provides a square internal shape for those preferring the more geometric and angular look. With the taps situated at one end of the bath, this is a great option to place into corners or against a wall.

Length

Width

Optional bath grips (pair)

### REUSE SINGLE ENDED BATH - ROUND

The Reuse bath has a rounded, softer internal shape for those who prefer a simple look with clean lines.

*Above:* Reuse bath 170 x 70cm £369, four-fold bath screen £369 and Crystal bath shower mixer £429. Click-clack bath waste and overflow £39.

All prices include VAT at 20%. Prices exclude taps and wastes.

A double-ended bath gives a great amount of flexibility. Place your bath against a wall or into a corner and select the front and end panels you require. Alternatively, set your bath into a boxed unit, which creates a floating appearance and gives you the ability to seamlessly set your bath into its surroundings. The major benefit is that the taps are fitted in the centre of the bath, allowing you to sit at either end of the bath without them in the way.

Why Cleargreen baths are the best

- Built stronger to withstand 2.3 tonnes!
- Retains heat longer than a standard bath
- 10 year guarantee on all Cleargreen baths
- Supplied with galvanised steel leg frame
- Manufactured from 30% recycled material
- Cleargreen baths use encapsulated recycled composite baseboards which is stronger and greener than chipboard
- Cleargreen baths use reinforced quality Lucite acrylic
- 10mm diameter steel reinforcing rod runs inside rectangular bath rims

Valve (V50): £299  
Arm & rose (V58): £169

## Shower trays

The Zamori 35mm high shower tray range is the most extensive available, with over 60 models to choose from each to fit the space available in your bathroom. All trays are made in acrylic with the option of antibacterial agent, anti slip and slate effect. The trays are made from high quality materials and are acrylic capped with a 20mm x 20mm steel tube to ensure a lifetime of use. The underside is insulated with a flat ABS sheet, making installation and levelling very easy. The range of shapes covers square, rectangular, pentangle, quadrant and offset quadrant.

**FLEXIBLE INSTALLATION**

There are a number of ways you can install your shower tray.

**Option 1**

*Placed flat on the floor*

**Option 2**

*Sunk into the floor*

**Option 3**

*Raised above the floor*

**VORTEX TURBO WASTE**

All our shower wastes are 90mm diameter high flow Vortex Turbo wastes designed to fit all our trays. They comply with EN274-3. This ensures that the water flows out at up to 30 litres per minute, making the Zamori shower waste one of the most efficient available - suitable for high volume showering applications.

The waste incorporates an easy clean removable filter and is supplied with a solvent weld adaptor for different waste pipe sizes.

**ANTI-BACTERIAL**

Zamori has added the silver-based anti bacterial additive Zeomic into the manufacturing process. The anti microbial qualities protect against harmful bacteria and suppresses mould growth,

**ANTI-SLIP**

Zamori anti-slip is simply the finest available with the highest anti-slip rating.

We are the only manufacturer to thermo bond the Swiss Grip Antislip onto the tray with a curing process - to ensure better performance for a cleaner & longer lasting surface.

**DIN51097 class C anti-slip ramp test**

**PATENTED REINFORCEMENT**

All our trays are acrylic framed with our patented steel frame, formed to be the exact shape of the tray, to ensure rigidity for a lifetime of use. The trays are flat on the under-surface; this makes installation and levelling very easy.

Our steel frame is the subject of Patent Number: GB2440719 (A)

- 1 Acrylic capped ABS layer
- 2 Bonding layer
- 3 Thickness control pad
- 4 Steel frame structure
- 5 PU Foam
- 6 Insulation layer - ABS sheet

## Sealing Strips

Waterproof sealing strip

Our unique - 'easyseal' water sealing strip - takes minutes to install. All trays should be installed with a sealing mechanism - to prevent water seeping between the tray and the wall. This is especially true in bathrooms with wooden floors - where floor movement is far more likely. Supplied in a generous 4.1 metre length - the strip is cut to size when sealing the shower tray.

D: 100, W: 100, H: 30

**Code: Z1208 Price: £24**
