Bringing style to your home

Quinn Radiators is a leading force in the European panel and designer radiator market. With over 40 years experience Quinn Radiators has a full understanding of the needs of the market place.

Significant investment is currently being made to improve manufacturing facilities, products and service to customers. This will ensure that the radiator plants are at the leading edge of manufacturing expertise and deliver world-class standards of quality, reliability and finish.

Towel Radiators

The Quinn Towel Radiator Range provides a number of both modern and traditional designs that will enhance any bathroom or kitchen project. These products are beautifully engineered to the highest of standards and are available in a number of finishes.

Towel Radiators

Pearl & Como

PEARL TOWEL RADIATOR

Available in white and designed for the ultimate heat output, this Towel Radiator would complement both modern and traditional bathrooms and kitchens.

COMO TOWEL RADIATOR

The Como Towel Radiator with its smooth flat rails gives an excellent heat output due to its design. Available in four sizes and a white, chrome or anthracite finish, it offers a modern variation on the standard ladder design.

Towel Radiators

Naples & Topaz

NAPLES TOWEL RADIATOR

The Naples Towel Radiator is designed as a space saving solution to provide a practical option in the smallest of spaces. Available in white and chrome.

TOPAZ TOWEL RADIATOR

The Topaz Towel Radiator is high quality, stylish tube on tube design providing excellent heat outputs. Available in white and chrome, and in a number of sizes this product is ideal for both bathrooms and kitchens.

Towel Radiators

Capri & Ravello

CAPRI TOWEL RADIATOR

The Capri Towel Radiator creates a point of interest in any home. Excellently engineered and in a chrome, white or anthracite finish, this product provides something different from the standard Towel Radiator.

RAVELLO TOWEL RADIATOR

The Ravello Towel Radiator creates a dramatic focal point in any room. Engineered to extremely high standards and modern in design, the Ravello is available in white and chrome.

Towel Radiators Amalfi & Garda

AMALFI TOWEL RADIATOR

Available in white or chrome with an eye-catching design, the Amalfi Towel Radiator would look impressive in any kitchen or bathroom.

GARDA TOWEL RADIATOR

The Garda Towel Radiator is designed with an Italian flair that will add a unique style to any modern bathroom giving it the wow factor. Superior in quality and looks this stunning Towel Radiator is available in white or chrome.

Towel Radiators Verona & Tuscany

VERONA TOWEL RADIATOR

The Verona Towel Radiator is traditional in style; available in chrome this beautifully crafted rail will enhance the design of any bathroom. The Verona can be wall mounted or floor mounted.

TUSCANY TOWEL RADIATOR

Traditional in style but complementing modern designs also the Tuscany Towel Radiator is available in chrome with a white radiator insert.

Towel Radiators

Sofia & Maiori

SOFIA FEATURE RADIATOR

The Sofia Feature Radiator combines the latest technology with the most stunning design. The outer pipes are heated by hot water, while the smaller inner pipes are warmed by heat transfer. This heat tube design allows the most economical heating in your home whilst the design and quality is pure excellence.

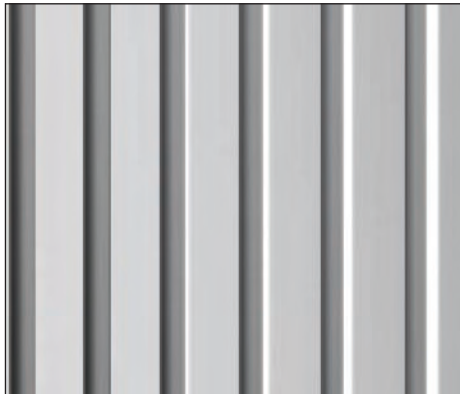

MAIORI TOWEL RADIATOR

The Maiori Towel Radiator is the ultimate design for drying those bathroom towels. With sections that fold out from the radiator you can use these when required then fold them away to create a neat look for your bathroom. The Maiori is available in two sizes and in a white or chrome finish.

Quality products and service to customers

A key advantage that Quinn Radiators has over its competitors is that as part of the Quinn Group it is able to leverage market knowledge from other Quinn Group companies in order to spot trends early and to respond to new customer demands with products of continually improving quality.

The Quinn Group's philosophy is 'Strength through Diversity' with its activities supporting and reinforcing each other, which creates opportunities for value to be added to its basic products in order to provide the most competitive solutions for customers.

Feature Radiators

Over the last few years the way we purchase radiators has changed dramatically. We no longer have to settle for a standard panel radiator and we have a great choice of stunning designs in an ever growing variety of colours and finishes. The Quinn Radiator Range provides this choice to the customer.

Feature Radiators

Adagio

Vertical Adagio

Horizontal Adagio

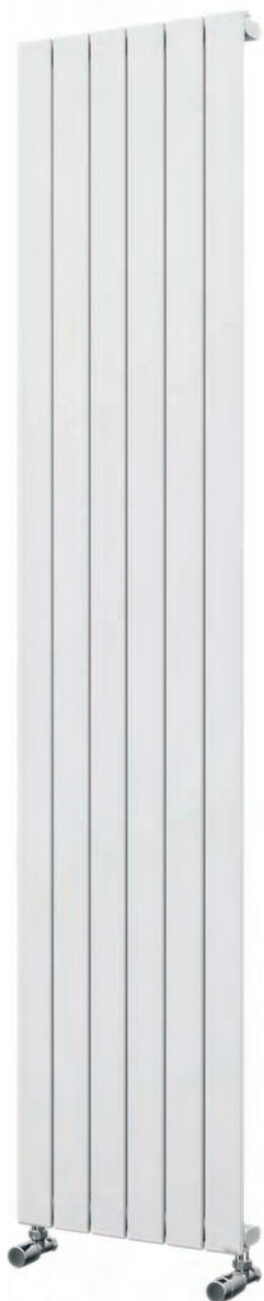

ADAGIO FEATURE RADIATOR

With both vertical and horizontal options the Adagio feature radiator is exceptionally attractive. Available as single or double columns in white, gunmetal, copper and silver the smooth and distinctive lines of the Adagio Feature Radiator will enhance any interior. For colour options please see page 40.

Feature Radiators

Slieve

Vertical Slieve

Horizontal Slieve

SLIEVE FEATURE RADIATOR

The Slieve Feature Radiator is a perfect example of a radiator that is not just seen as something to heat the room but to create a stylish look also. Available in either vertical or horizontal versions and in a wide range of sizes to match any design project, the Slieve Radiator is an excellent alternative to the standard panel radiator.

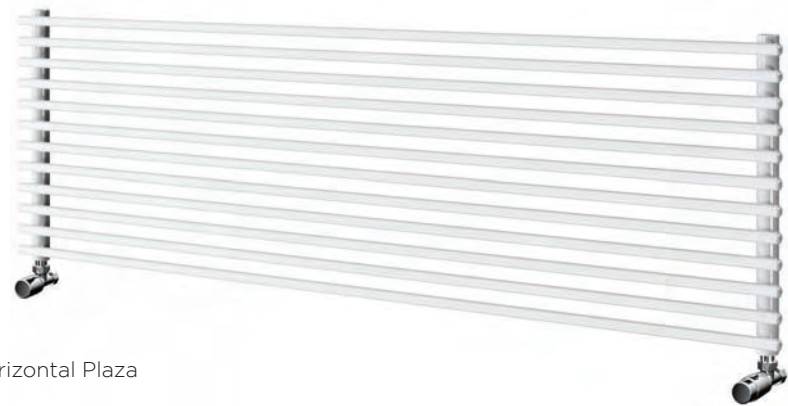

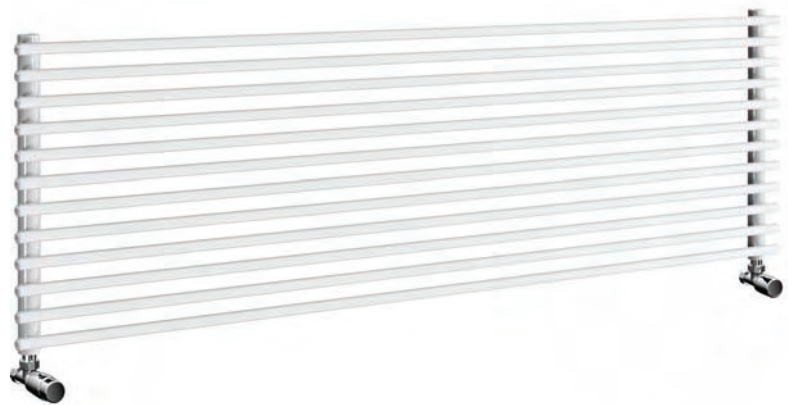

Feature Radiators

Plaza

Vertical Plaza

Horizontal Plaza

PLAZA FEATURE RADIATOR

A beautifully engineered tube on tube design, available in white or chrome the Plaza Feature Radiator is manufactured in both horizontal and vertical options to complete a stylish look around the home.

Feature Radiators

Russell & Crown

RUSSELL FEATURE RADIATOR

The Russell Feature Radiator is available in white and chrome, has a modern appearance and looks great in any hallway, lounge, kitchen or bathroom. This is a perfect example of a radiator designed for looks as well as the ability to heat the room.

CROWN FEATURE RADIATOR

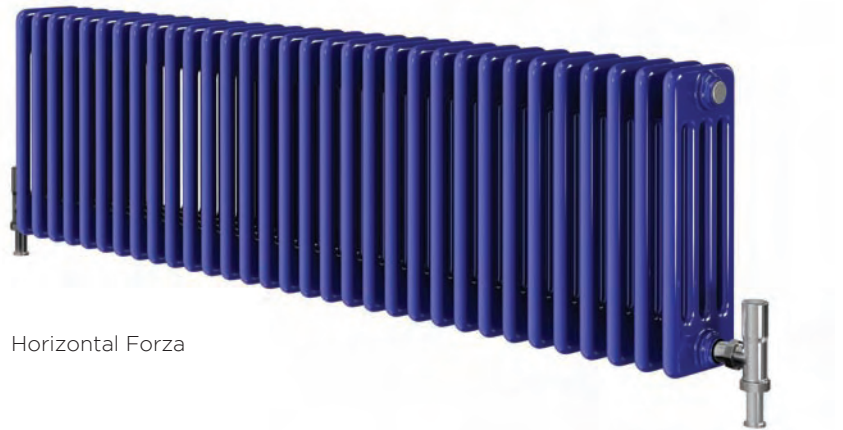

Available in white and chrome the Crown Feature Radiator offers a more modern and stylish look to the standard panel radiator. Available in three heights and one length there is an application to suit most needs.

Feature Radiators Forza

Vertical Forza

Horizontal Forza

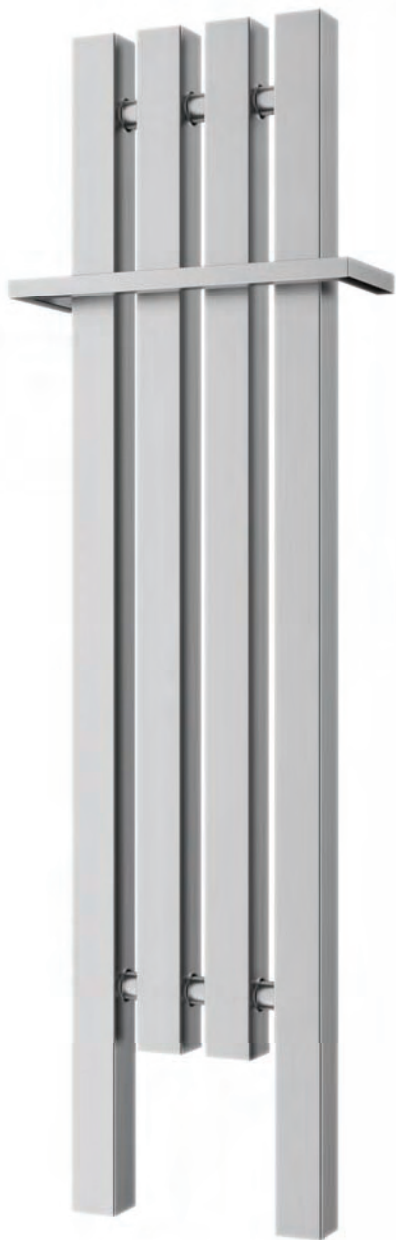

FORZA FEATURE RADIATOR

The beautifully crafted Forza Radiator will certainly enhance any bedroom, kitchen, sitting room or dining room. With its superior finish and excellent heat output, the Multi Column Radiator complements both contemporary and traditional décor within your home. Available in white as standard with a range of additional colours to special order this radiator is an excellent alternative to the standard panel radiator. For colour options please see page 40.

Feature Radiators

Sorrento

Sorrento high level

Sorrento low level

SORRENTO FEATURE RADIATOR

The Sorrento Feature Radiator is manufactured with the latest laser cutting technology. With a stylish look and a modern design this high quality radiator is available in three sizes covering both low and high level options.

Accessories: valves

QUINN RADIATOR VALVES

The Quinn range of valves are available in a number of colours to match your choice of radiator, these are available as either straight or angled valve options (Quinn Crosshead only available as angled valve).

Angled
Thermostatic
Radiator Valve

Straight
Thermostatic
Radiator Valve

Quinn Crosshead
Valve

Satin Chrome Angled Valves
(straight valve also available)

Copper Angled Valves
(straight valve also available)

Chrome Angled Valves
(straight valve also available)

White Angled Valves
(straight valve also available)

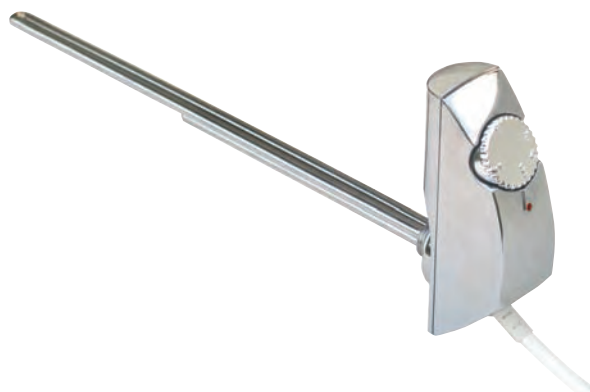

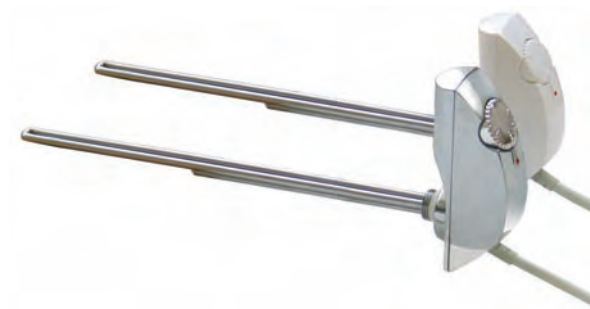

Accessories: elements

ELECTRICAL ELEMENTS

Selected models can be fitted with an electrical element that allows you to use the radiator as an electric towel warmer in the summer when the heating is off. With their lower energy requirement the towel warmers are efficient, economical and provide flexibility, convenience and comfort at little added cost. Thermostatic electrical elements have the advantage of providing an adjustable temperature control when required.

OUTPUTS

The outputs in this publications are based on a delta T of 50°C. To calculate other operating conditions please see conversion chart.

WARRANTY

All towel and feature radiators are supplied under warranty for ten years in respect of defective materials and manufacture.

All Valves are supplied under warranty for two years. All elements and accessories are supplied under warranty for one year.

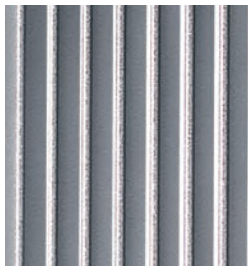

WATER TREATMENT

It is strongly recommended on completion of the installation, the system should be properly flushed and filled in accordance with the British Standard Code of Practise for the Treatment of Water in Domestic Hot Water Central Heating Systems BS7593.

Use of a corrosion inhibitor is strongly recommended by the manufacturer. Failure to observe this recommendation will invalidate the manufacturers warranty.

Radiator colour ranges & general information

COLOUR OPTIONS — ADAGIO FEATURE RADIATOR

White

Silver

CONVERSION CHART (DELTA T FACTORS)

The outputs quoted this publication are based on a Delta T of 50°C. To calculate other operating conditions, the following example should be applied:

EXAMPLE:

Add flow water temperature (75°C) and the return water temperature (65°C) together (140°C), divide by two (70°C) and then subtract the room temperature (20°C). This will give you a Delta T factor of 50°C.

COLOUR OPTIONS — FORZA FEATURE RADIATOR

White (RAL 9010)

Blue (RAL 5022)

Gunmetal

Yellow (RAL 1023)

Red (RAL 3020)

Green (RAL 6016)

Pearl (RAL 1013)

Aluminium (RAL 9006)

Black (RAL 9005)

Colour reproduction is as accurate as the printing process will allow. Due to a policy of continual product improvement Quinn Radiators reserve the right to alter any of the specifications given in this publications without prior notice.
