tablet is an elegant, stylish new range of horizontal and vertical thermostatic valves.

compact in form,
unique in operation

1 Flow Control

Independently controls the flow of water to two outlets, with additional 'all-flow' function, which enables both outlets to operate simultaneously.

2 Temperature Control

Smooth and safe pre-set temperature control. The thermostatic cartridge prevents scalding from sudden pressure fluctuations and cold water isolation.

3 Flow Control

Controls the flow of water to one outlet.

all-flow

All 2 and 3 outlet models feature an exclusive 'all-flow' function* that delivers water to either outlet independently or all outlets simultaneously.

High flow internal waterways ensure an outstanding performance even at low pressure.

*with the exception of all TAB-128/2 valves

returns and re-fixing

RETURNS PROCEDURE

Note to retailers: We do not operate a sale or return policy. However in the event that you need to return products to us for any reason the following procedure should help to ensure that we handle your request efficiently.

Please note goods which are no longer required and that have been held by you for longer than three months from date of invoice cannot be considered for return and credit.

A Collection Request in the form of a Debit Note or VADO Collection Request Note should be faxed or emailed to our Collections Department:

- Collections Fax No: 01934 749949
• e-mail: vado.collection@vado.com
• Direct Telephone No: 01934 745154

We require the following details in order to process the necessary paperwork: Item stock code, finish & quantity of item(s) to be returned. The relevant Invoice Number or Delivery Note Number and the reason for return of the item(s).

- Our Collections Department will process the paperwork and after the collection request has been authorised, we will forward by post a self-adhesive label(s) for you to confirm all details and attach to the parcel(s). You will also receive a Returned Goods Authorisation Note. The details of this note need to be checked and signed by you. This note is to be enclosed in the parcel being returned. A copy of the Returned Goods Authorisation Note for your records will also be enclosed with the label. If you have any queries whatsoever, regarding the collection, please telephone our Collections Department, on receipt of label(s) 01934 745154

- All goods are to be suitably packaged before despatch to VADO, i.e. presentation boxes packed inside an outer box. Goods received back in anything other than re-saleable condition, may result in a request for credit being refused.
- With the exception of faulty or damaged goods, all goods being returned will be subject to a 25% re-stocking charge with a minimum £15 charge being applicable.
- If items are received damaged or faulty, no charge is made for returning the goods to us. Please note: shortages and damages must be notified within 2 days of receipt of goods. Notification outside of the 2-day period will void any claim. If after our inspection a product is found to be defective due to a manufacturing fault, we will issue a credit or a free of charge replacement.
- Our collections department will liaise with your designated contact, confirming the total number of boxes packed ready for collection and a mutually convenient collection date will be arranged.

CLAIMS FOR RE-FIXING

In the event that you have a claim for re-fitting or repair of a faulty product, please contact our Technical department on 01934 745163. All claims for re-fixing charges must be authorised by us before any work is undertaken. Claims for re-fixing that are made after work has been undertaken will be rejected.

terms and conditions

DEFINITIONS

In these conditions 'the Company' shall mean VADO, a division of Norcross (Holdings) Limited, 'the purchaser' shall mean the person, firm or company to whom any quotation is addressed or with whom any contract is made and 'the goods' shall mean the goods and/or services agreed to be sold by the Company to the purchaser.

1. QUOTATION AND ACCEPTANCE

- (a) All quotations are given and all orders are accepted on these terms which shall apply to the exclusion of and shall override any other terms stipulated or referred to by the purchaser whether in its order or any other document, or in any negotiations or communication or course of dealing established between the Company and the purchaser;
- (b) No modification or amendment of these terms or addition thereto shall be effective unless made in writing and signed by a director of the Company.

2. DESCRIPTION OF AND STATEMENTS AS TO GOODS

- (a) Save where the goods are stated to be sold as complying with a recognised trade or industry standard, all descriptions, specifications, drawings and particulars of weights and dimensions submitted by the Company or otherwise contained in the Company's catalogues, brochures, price lists, quotations and publicity materials are approximate only and the Company shall not be liable for their accuracy unless they are expressly incorporated into the contract in writing;
- (b) These terms represent the entire agreement between the Company and the purchaser relating to the goods and such terms supersede and the purchaser shall not place any reliance upon any statements, recommendations and advice whether oral or in writing given (whether before or after the acceptance by the Company of the purchaser's order) by the Company, its servants or agents as to any matter relating to the goods save where such statement, recommendations or advice is given in writing and signed by a director of the Company in response to a specific written request from the purchaser before or at the time of the Company's acceptance of the order.

3. PRICES

Prices quoted by the Company are those in effect at the date of quotation. Unless otherwise agreed in writing, the Company reserves the right to increase prices when it accepts the purchaser's order so as to reflect one or more of the following:

- (b) any change in duty, tax, surcharge or levy of any kind whatsoever affecting the sale price of the goods;
- (c) any cost to the Company resulting from delay by the purchaser in giving to the Company information sufficient to enable it to supply the goods or provide the services or resulting from any alteration made at the request of the purchaser in the specification of the goods or in the place to which they are to be delivered or shipped;

This provision shall be in addition to and not in substitution for any other payment or damages for which the purchaser may be liable in respect of his failure to take delivery at the appropriate date;
- (f) The purchaser shall not be entitled to make any deduction from the price of goods which have been delivered to the purchaser in respect of any set off or counterclaim unless both the validity and the amount thereof have been expressly admitted in writing by the Company and such admission is signed by a director of the Company;
