FURNITURE FOR BATHROOMS

Presenting reassuring quality and affordable style, Bauhaus by Crosswater has developed its status as the one of UK's leading furniture names, offering superior wood-working skills, exceptional form, outstanding performance and variety, whatever your needs. Our far-reaching collection of vanities, storage units and basins blends intelligently-considered design, expert craftsmanship, exceptional construction and the finest grade components for furniture that is suited to any bathroom application, whatever size or style.

Our aim is to bring together form and function by creating products that not only perform but also hit the mark on style, offering intelligent solutions for the most demanding bathroom use. Combining design influences from past and present, and a meticulous eye for the little details, each and every furniture

collection is skilfully built to give you a product that will truly stand out. There's a choice of over 10 distinctive collections, contemporary and classic, all starring up-to-the-minute equipment such as soft-close mechanisms and the latest water-resistant and anti-bacterial coatings. A breadth of beautiful finishes are also available, including real wood veneers, silky lacquers and pioneering tactile wood-effects courtesy of the very latest surface technology.

Smart storage solutions utilise every inch of internal space providing everything you need to create an organised bathroom that also exudes style. Generously deep and fully extending drawers, spacious tower storage, gorgeous basins and spacious worktop areas all combine to help contain those everyday necessities for a sleek and uncluttered bathroom scheme.

BRINGING CERAMICS TO LIFE

We use only the finest materials and skilled artisans to create our ceramic wares. This guarantees that each and every suite, washbasin and bidet is crafted with the utmost care to give you a product that you can trust in.

The finest craftsmanship

Fantastically finished to provide a superb and long-lasting exterior, each WC will flush with precision and the best in hygiene function whilst our basins

offer generous bowl proportions and ergonomic form. A unique selection of shapes truly set our designs apart from the rest.

Product guarantee

We're confident in the quality and design of our entire ceramic range. Whilst embracing the latest designer influences, functionality is at the core of our products, ensuring a superior performance with every use.

QUALITY & DESIGN

Practicality and function are at the forefront of every great design. Our products are made using experienced cabinetry, ceramic, metal and glass-working expertise, combined with the finest materials. Quality and attention to detail are ensured from production through to installation. It's this dedication and knowledge that ensures we bring you the very best in bathroom design.

Why choose us?

Offering a comprehensive collection of furniture, ceramic ware, accessories and heating, we've made the process of

piecing together the perfect bathroom an easy and enjoyable one. All our products comply to British and International regulations for safety, function, durability, hygiene and all important environmental standards, giving you peace of mind.

Unparalleled design

Our ranges are carefully developed to consider the main functions and requirements of today's busy bathrooms. We continually look to market trends and technological advancements to ensure that we always offer a quality range of bathroom solutions.

INNOVATION

We introduce innovation in the visual form of our products, driving beautiful aesthetics to new levels. From the wondrous forms of our basin designs to pioneering new ceramic finishes including the stunning Platinum glaze, our use of centuries-old materials and modern manufacturing techniques has led to a strong and tough ceramic surface that boasts a super slim profile and luxurious depth of shine.

We also pride ourselves on being environmentally conscious, using

sustainable materials in our furniture and ceramics, and developing eco-friendly products with a particular focus on saving water; the latest WC flush systems in our Wild range features intelligent rimless design that uses up to 17% less water.

Many of our ceramic glazes and lacquer finishes feature ultra hygienic, anti-bacterial qualities integrated in their structure, resisting 99% of all known bacteria for the life of your bathroom.

WARMTH

Our range of superbly engineered heated towel rails is presented in a design choice to complement all bathroom sizes, shapes and schemes. These forward-thinking models generate great heat output to keep your bathroom properly heated; even in the summer, our complementary dual fuel systems will keep your towels warm and dry for that perfect out-of-the-bath experience.

Manufactured using state-of-the-art laser technology, our Gallery towel rails come with extended guarantees for your added peace of mind. All our ranges are carefully developed to coordinate with our furniture, sanitary ware and ceramics, providing the final finishing touch to keep bathrooms on-trend and towels luxuriously warm.

LIGHT & SPACE

Our range of quality, reflective cabinets and mirrors combine up-to-the-minute LED lighting along with a breadth of high-tech features including de-misting doors, PIR sensor on/off switch, Bluetooth connection and internal shaver/charging sockets.

Mirrored cabinets

Modern exterior styling conceals a host of practical features that make our cabinets a must-have for any bathroom. Manufactured

from aluminium, our cabinets are perfect for the rigours of hot, steamy bathrooms, whilst the generous interior storage is ideal for stowing away toiletries.

Illuminated mirrors

Elegant LED lighting creates a focal feature for our bathroom mirror range. Not only providing great illumination, these statement designs will also create a stylish focal point in the bathroom.

THE NEW STANDARD
IN FURNITURE DESIGN

Taking its cue from the latest colour trends, Bauhaus introduces its popular Svelte design in a new, silky smooth Matt Coffee finish. Complemented beautifully against Svelte's signature curves and elegant marble basin, the warm, earthy tone works well in both classic and contemporary bathroom settings. The durable and hardwearing surface ensures a practical solution for everyday use, whilst the innovative ACTIVE anti-bacterial finish offers superior levels of hygiene.

CLEVER STORAGE SOLUTIONS

Beautifully constructed, the top drawer of the vanity unit has a cleverly designed cut out space for the basin waste, ensuring you don't lose out on any crucial storage space. Thanks to the wonderfully deep double drawers, all your bathroom essentials are stored close by and easily accessible, while the roomy basin work surface remains clutter free.

MATCH SVELTE FURNITURE
WITH SVELTE SUITES & TAPS

Furniture shown: Svelte White Gloss Tap shown: Svelte Illuminated Mirror shown: Celeste WC shown: Svelte Flush Plate shown: Svelte

Furniture shown: Svelte American Walnut Tap shown: Svelte Mirror Cabinet shown: 800 Electric

BEAUTIFUL FINISHES TO SUIT ALL TASTES

Manufactured using the highest quality materials throughout, Svelte furniture is available in three stunning finishes. Choose from the warm wood detail of the new exotic Eucalyptus finish or the ever-popular American Walnut option or opt for a crisp and timeless White Gloss shine.

TAP CHOICE

Team our Svelte basin units with a comprehensive choice of both wall and deck mounted taps.

Furniture shown: Svelte Eucalyptus Tap shown: Svelte Illuminated Mirror shown: Celeste

Full-depth drawers provide you with ample storage and transform your bathroom into a perfectly organised space.

A PLACE FOR EVERYTHING

STUNNING SHAPES
AND SIZES

Available in four different size options, the Svelte vanity units are suited to all bathroom spaces. From the larger 1200mm wave design to the more compact 600mm single curved unit, this stunning collection will provide you with the perfect match for your on-trend bathroom décor.

Furniture shown: Svelte White Gloss Tap shown: Svelte Illuminated Mirror shown: Svelte Corner

UTILISING SPACE WITH SMART DESIGN

Making the most of every inch of space, the Svelte Corner unit is the smart choice for smaller bathrooms. A hugely practical offering that will utilise most unused corners, Svelte's elegant curves and sleek finish have been incorporated into this compact unit, without compromising on style or floor space. Deep double drawers provide ample storage for toiletries and cleaning materials, with up to 40kg capacity for heavier items, and come complete with soft close runners to provide a smooth and quiet closing motion.

COMPACT DESIGN
WITHOUT COMPROMISE

ANTI-BACTERIAL FINISH ERADICATE THE INVISIBLE ENEMIES

On average there are more bacteria on one hand than people on earth! On non-protected areas the number of bacteria can double every 20 minutes, none more so than in the bathroom. One bacterium can generate a population of millions in 8 hours and thousands of millions in 12 hours!

Svelte veneer and lacquer finishes feature as standard a ground-breaking non-toxic and permanent antibacterial treatment called ACTIVE that complies with Europe's most stringent quality standard ISO22196:2007. Active guarantees unlimited protection as the treatment is permanent and under tests reduces the proliferation of common bacteria by more than 99%.

Offering a look to suit all bathing spaces, Svelte Corner is available in five contemporary finishes: White Gloss, Matt Coffee, Storm Grey, Eucalyptus and American Walnut. Complemented against the crisp white surface of the inset basin, opt for a minimalist look with a combination of white-on-white, or combine with the warm tones of the wood-effect finish for a luxurious appeal.

When ordering more than one American Walnut unit we strongly recommend taking delivery of products at the same time. This is genuine wood veneer, manufactured in carefully controlled batches to achieve as close a colour and tone match as is possible with real wood. Three tap hole basins are only available to special order, please contact our sales. Once ordered these basins cannot be cancelled or returned. Please note taps are not included in the published prices. **To ensure full use of drawers we recommend using the furniture trap BTR0410W see page 241** Svelte basins should be cleaned using our Mineral Marble Basin Cream Cleaner/ Polish 150g bottle SD150RW £20.00

ON-TREND MINIMALIST STYLE

PIER

Exuding modern design alongside superior functionality, the Pier furniture range from Bauhaus offers a practical solution for bathrooms of any size. Crafted from high-quality water-resistant MDF with a specialist laminate worktop, the handleless design is defined by its seamless edges, ample under-basin storage and beautiful timber internal drawers, complete with a durable hard-wearing finish.

PIER BRASSWARE

Designed to beautifully complement the furniture collection, see online for more details.

Furniture shown: Pier Steel Tap shown: Pier Illuminated Mirror shown: Celeste

Optimise storage for toiletries with full-depth drawers, finished in a contrasting plywood-effect timber. Available in both single and double draw options, team with the coordinating Pier freestanding mobile storage unit for additional storage space and an extra work surface area. Each unit is supplied with a wall template to ensure straightforward installation, along with wall brackets featuring a 3-way adjustment and clever locking facility for the ultimate safe and secure fitting.

STRIKING WOODWORK DETAIL

Achieve the aesthetic beauty of wood in the bathroom with the additional benefit of strength and durability. Available in three sizes options to suit a range of bathroom capabilities, the tactile wood-look surface is enhanced with a choice of contemporary finishes in Ebony, Steel and Anthracite.

Furniture shown: Pier Steel Tap shown: Pier Illuminated Mirror shown: Celeste

Multi-functional with versatile storage compartments, Pier offers a practical and aesthetic solution for bathrooms with restricted space or those looking to achieve an uncluttered look. The wall hung unit provides a large work surface area, generously deep basin and handy soft-close drawers, which combined creates a highly convenient and organised bathing space.

LUXURIOUS CURVES SPACIOUS STORAGE

Transform your bathroom into a cool, uber stylish space with Celeste in Black Ash, which complements modern wall and floor coverings perfectly. Offering excellent storage with its extra wide unit, Celeste is available with a variety of optional extras designed to suit all storage needs. The large drawer has a removable organiser that turns a single drawer space into four orderly compartments that can be set anywhere in the drawer to create different sections.

Internal drawers
(Celeste 60, 80 & 110)
Soft close pull to open
Cut out for basin waste
CL6000DW+ 600mm £165.00
CL8000DW+ 800mm £176.00

Drawer liner grey
750x450mm
LN7545 £49.00

Note: It is recommended that the optional internal drawers are fitted prior to basin installation.
Basin unit carcasses are supplied pre-drilled for easy installation of the internal drawer options.
When ordering more than one American Walnut unit we strongly recommend taking delivery of products at the same time.
This is genuine wood veneer, manufactured in carefully controlled batches to achieve as close a colour and tone match as is possible with real wood.

UNDERSTATED STYLE

ZION

The smart space-saving solution, Zion combines a deep basin and a surprising amount of storage with contemporary good looks to bring you the ultimate compact basin unit.

Furniture shown: Zion White Gloss Tap shown: Atoll WC shown: Pier

Furniture shown: Zion Driftwood Tap shown: Zion

THE LATEST IN COMPACT FURNITURE FOR THE BATHROOM

Curved Handle Option

Straight Handle Option

Combining slender proportions with the latest in bathroom aesthetics, the new Zion furniture collection features generous storage capacity despite its compactness. The new range is the ideal choice for smaller and secondary bathrooms. A choice of contemporary finishes is contrasted against a striking graphite interior, complete with the option of two handle designs.

MINI TAPS & ACCESSORIES

We've got a range of mini basin mixers and accessories to complement the proportions of Zion. For more information visit www.crosswater.co.uk

COMPACT DESIGN
WITHOUT COMPROMISE

PERFECT PARTNER FOR
SMALL SPACES

There's no need to compromise on style and function when it comes to small bathrooms and cloakrooms. We've developed our shortest WC, perfect for teaming with the compact proportions of the Zion furniture range.

See page 176 - 179 for more information on the Pier WC.

VERSATILE BASIN TO SUIT YOUR BATHROOM SPACE

The Zion basin is universal in that the tap can be sited on the left or right, simply by flipping the basin around.

When ordering more than one American Walnut unit we strongly recommend taking delivery of products at the same time. This is genuine wood veneer, manufactured in carefully controlled batches to achieve a colour and tone match as is possible with real wood.

THE IDEAL MATCH

To achieve a coordinated look in the bathroom, complement your Glide II basin unit with a matching WC furniture surround in the new Driftwood finish. Choose from a floor mounted unit or wall-hung option, and combine with the range of contemporary flush plates and Bauhaus suites for a complete bathroom look.

Furniture shown: Tower Unit - Elite Anthracite, Console Unit - Seattle Anthracite Tap shown: Wisp Basin shown: Serene Platinum Illuminated Mirror shown: Linea Suite shown: Stream II Flush plate shown: Tempo

A flexible and affordable design with an abundance of orderly layouts, Seattle is the perfect bathroom storage solution. The low back drawer design enables the internal drawer space to be arranged in a formation that suits your lifestyle and storage needs. For a streamlined space that remains clutter free, retreat to a relaxing space that's both comforting and practical.

BASIN CHOICE

We offer a breadth of basin styles to pair with your basin unit. For more information, see pages 216 - 239

Furniture shown: Seattle Steel Tap shown: Wisp Basin shown: Bold Illuminated Mirror shown: Solo

UNITS EBONY STEEL ANTHRACITE WALNUT

Seattle 80 Unit

Single drawer wall hung console unit
Centre basin only
Soft close pull to open
Rebated chrome finish handle
Complete with wall brackets
w 800 x d 400 x h 300mm

Seattle 100 Unit

Single drawer wall hung console unit
Space for left, right or 2 smaller basins
Soft close pull to open
Rebated chrome finish handle
Complete with wall brackets
w 1000 x d 450 x h 300mm

Seattle 120 Unit

Single drawer wall hung console unit
Space for left, right or 2 smaller basins
Soft close pull to open
Rebated chrome finish handle
Complete with wall brackets
w 1200 x d 450 x h 300mm

BASIN & TAP LAYOUT OPTIONS

The 1000 & 1200mm console is supplied as standard for the centre basin; each option below can be easily achieved during installation.

- A. **Single Basin Left Aligned**
(1000 & 1200mm consoles)
- B. **Single Basin Right Aligned**
(1000 & 1200mm consoles)
- C. **Single Basin Centre Aligned**
(800, 1000 & 1200mm consoles)
- D. **Two Basins**
(1000 & 1200mm consoles*)

*depending on basin chosen

WE STRONGLY RECOMMEND TWIN BASIN FORMATS ARE INSTALLED ONLY ON A SOLID WALL.

Suitable for use with wall mounted, extended basin mono or standard basin mono on a basin tap ledge. Always use an extended basin waste see page 253. **To ensure full use of drawer we recommend using the furniture trap BTR0410W see page 241.** See page 270 for compatible Bauhaus basins.

MODULAR VERSATILITY

ESSENCE

The beauty of Essence is its enormous versatility to combine multiple design configurations that incorporate single or double basins, variance of drawers and tower units, all to suit your needs. The unique strong grain texture and characteristics of Essence are imbued in three smart finishes to complement all schemes.

NATURAL TONES CREATE A RELAXING SPACE

The natural tone of the walnut finish perfectly complements the elegant contours of Essence, creating a serene ambiance in the bathroom to ensure your pampering heaven is perfect. The rich colour of the real wood veneer instantly warms up the room and is a classic choice for the bathroom. Pair with sleek chrome handles for a sophisticated storage feature.

Integrated fine ceramic washbasins and soft close or smooth push to open drawers are just some of the clever features of Essence that attributes to its award winning design. Supplied fully assembled with reversible left or right hand door openings and a 2-way drawer adjustment, this range conveniently and effortlessly integrates into any bathroom scheme.

SMART STORAGE SOLUTIONS

NUMEROUS LAYOUT CONCEPTS

Incorporate a multitude of tower and short height storage units with numerous layout concepts that effortlessly streamlines any space. The modular design of Essence enables you to choose a design format that perfectly suits the size of your bathroom, your needs and storage requirements.

Just a few of the layout options possible with Essence.

All single door units are universal left/right hand opening; the design variations shown can all be achieved without having to specify door opening format.

SLEEK GEOMETRICS HARMONISE WITH STUNNING FINISHES

ELITE

A masterpiece of modern design, the breathtaking Elite range hosts an assortment of storage options for bathrooms with limited space. Featuring vast under basin storage coupled with smart handleless doors and drawers, Elite also offers wall hung storage units that allow you to maximise space underneath.

COORDINATED LOOKS

Whatever your style, we have a range of complementary brassware products to create a seamless look. For more information visit www.crosswater.co.uk

THE NEXT GENERATION OF WHITE

Just when you thought white couldn't get any better, Bauhaus relaunches its definitive Elite furniture range in a new, bright white gloss finish. A tone that never dates, the crisp lacquered surface merges seamlessly with the angular white basin, creating a minimalist look that will coordinate effortlessly with the modern bathroom. Coupling sleek handleless drawers with the design's wall hung positioning helps to create an illusion of space and light, perfect for smaller bathrooms, or those with no natural light.

Opposite page Furniture shown: Elite White Gloss Flush plate shown: Svelte Cabinet shown: Duo 600 Tap shown: Pier White/Chrome

A generously deep single drawer offers plenty of space to store away clutter, whilst the soft close, push-to-open door allows easy access to the interior with a smooth gliding motion. Complete with the 'odour-free' waste fitting, the Elite gloss white basin unit is completed with the coordinating Pier monobloc tap in contemporary chrome and white.

SIMPLE YET ELEGANT

A high-gloss, soft grey finish blends perfectly with white bathroom suites and enables you to experiment with coloured walls or tile features. With its neutral tones, the quartz vanity unit will also complement a monochrome theme with style. It's light tone and gloss finish reflects light and creates an illusion of more space in compact areas or bathrooms.

SOLO BRASSWARE

Designed to beautifully complement the furniture collection, see online for more details.

Waldorf

Bathroom Collection

Classic in its inspiration, Waldorf is a truly evocative bathroom collection. Combining exquisite craftsmanship with early twentieth-century styling, the new Waldorf furniture range has been expertly designed and produced in Europe to represent the ultimate in bathroom luxury.

Evoking a timeless feel, elegant curves are blended seamlessly with the era's signature angles to offer a superlative range of vanity units, storage towers and WC furniture. Finished with the pioneering ACTIVE antibacterial lacquered treatment, the range comes in two sophisticated tones of piano black and gloss white, perfectly catering to advocates of traditional design.

WALDORF BRASSWARE

Designed to beautifully complement the furniture collection, see online for more details.

Choose from striking Piano Black and Gloss White finishes, hand-applied for a luxuriously reflective surface.

Create a complete bathroom look with the stunning range of coordinating brassware, ceramics and illuminated mirrors.

Opt for the modernity of wall-hung furniture or stick with tradition and choose sculpted chrome legs.

WALDORF BRASSWARE
 Designed to beautifully complement the furniture collection, see online for more details.

Generous interior storage with handy dividers, beautifully crafted from stunning Makassar wood.

Waldorf

Bathroom Collection

Classic in its inspiration, Waldorf is a truly evocative bathroom collection. Combining exquisite craftsmanship with early twentieth-century styling, the new Waldorf furniture range has been expertly designed and produced in Europe to represent the ultimate in bathroom luxury.

Completing the iconic range's offering, Waldorf presents a selection of elegant WCs, statement basins and sanitaryware. Striking bevelled edges are combined with wonderfully curvaceous silhouettes to evoke a timeless feel that is sympathetically reflective of the era.

Step back in time with the traditional high-cistern WC, featuring a classic chain-pull system.

*There's a style to suit all
bathrooms; choose from wall-
hung, pedestal or chrome
frame basins.*

PIER WC

Short projection WC for the smallest of spaces

Small bathrooms no longer have to compromise when it comes to great design and first-class function. The Pier WC, a contemporary yet very simple toilet, has the shortest projection on the market at a minimal 43cm. Not only compact, the seat is still extremely comfortable and fits perfectly in limited spaces, whilst the high-function flush performance is as good as it gets.

Introducing an innovation in ceramic glaze technology, Pier is expertly crafted from CERASLIDE®; a forward-thinking firing process that ensures the perfect surface consistency to resist stains, limescale, daily wear-and-tear and assist with flush performance. Teamed with the BATAFORM® anti-bacterial treatment, the combination ensures an impeccable level of hygiene alongside a luxurious gloss finish, ensuring all round wellbeing in the bathroom.

WILD

Exquisite suite & basin collection

A stunning example of pure Italian design, Wild is the latest collection of bathroom suites and basins that continues to push the boundaries of innovative ceramic design. Presenting the very latest in superior manufacturing techniques, style, function and performance expertly combined to offer a range that is as visually appealing as it is functional.

MADE IN ITALY

RIMLESS WCS

RIMLESS = EASY TO CLEAN

CONTEMPORARY FORM & FUNCTION

WILD

Crafted from the highest quality vitreous china, the new range of Wild WCs feature a sleek, curvaceous silhouette teamed with a genuinely comfortable seat. The innovative rimless bowl provides superior flush technology to ensure the very best in hygiene function, ensuring 100% of the flush water is used to clean the toilet bowl whether on a full flush or eco-friendly half flush.

All Wild wall and floor mounted WCs feature a streamlined rimless bowl – no rim means there's nowhere for germs and limescale to hide, making it ultra hygienic and effortlessly easy to clean. The latest fluid flush mechanisms also provide a powerful horizontal and vertical water stream to ensure coverage across the entire surface of the bowl without splashing.

SMART RIMLESS DESIGN

WC FURNITURE

To achieve a modern look that beautifully complements the Wild range, the coordinating WC furniture streamlines the entire space and conceals unaesthetic working parts of cisterns. INNOVATIVE DESIGN

Thanks to the ingenious water distribution system, you can reduce water wastage without affecting performance. The dual flush uses the standard 6 and 3 litre volume of water down to an impressive 4.5 and 3 litre usage. This function guarantees a considerable amount of water saved per flush, whilst meeting all current UK and European standards.

A NEW SOPHISTICATION IN WC DESIGN

SVELTE

The very latest in sculpted ceramic design, Svelte is sleek, curvy and genuinely comfortable. Offering amazing smooth lines and sensual shapes; the pure and natural design is the perfect WC solution for a contemporary bathroom. Up to the minute seat styling with soft close. Manufactured in Italy, the beautifully crafted range reflects international design, combining eclectic style with innovative modern technology for a new sophistication in WC design.

Flush Plate shown: Central Accessories shown: Mike Pro

Introduce metallics into your bathroom with the new exclusive platinum WC. Featuring a high-gloss, reflective, platinum exterior glaze, the sleek design is truly distinctive and an ideal choice for those who want to add a touch of glamour to the bathroom. Perfectly suited to modern décor schemes, the innovative platinum design combines practicality and style and is a fully functional alternative to regular white ceramic WCs. Pair up with the Serene Platinum basin to create a luxurious look that is guaranteed to make a statement within interiors.

LUXURIOUS DESIGN

Matching Platinum Basin

WC FURNITURE

To achieve a modern look that beautifully complements the Svelte range, the coordinating WC furniture streamlines the entire space and conceals unaesthetic working parts of cisterns. With only the beautiful flush control on display, WC furniture is a clutter free solution that adds an element of clever design combined with style. Easy to install, there's a choice of frame sizes to suit larger rooms and ultra slim designs for those seeking a more sleek, minimalistic look.

INSTALLATION SOLUTIONS FOR ANY BATHROOM SUITE

INSTALLATION SOLUTIONS FOR ANY BATHROOM SUITE

At Bauhaus, we take great pride in placing the upmost care and attention on the technical functions ensuring every precise detail performs beyond your expectations. To create a completely desirable bathroom, it's a worthwhile investment to incorporate technically advanced structures that are easy to install. The range is designed specifically for UK homes, featuring an array of innovative

designs and installation features, which is why our products are renowned for excellence in design and quality. Lifestyle changes and technological advances have transformed bathrooms from a purely functional space into the most indulgent retreat in the home. The installation systems ensure that only the stylish features are on display - they're also quick and easy to fit with superior flushing performance.

LAYOUT VERSATILITY SYSTEMS FOR ANY SIZE BATHROOM

Whatever the size or shape of your bathroom, Bauhaus fitting systems can be utilised in any bathroom to safely install a WC that suits your lifestyle. The smart and versatile systems mean that you can take your design aspirations and make them a reality. Easily install a toilet right next door to a shower by having the cistern concealed in a wall, or fit the WC into an awkward corner with the ingenious angled bracket. The back-to-wall WC is perfect for complementing the WC cisterns when concealed within furniture or a cavity.

See page 208 for wall hung WC frames

SIMPLE INSTALLATION SYSTEMS FOR ALL SURFACES

From large new build family bathrooms to modernising a bijou en suite, the ease of installing Bauhaus flushing systems ensures that your project runs smoothly. Time and cost effective, frames can be built into a wall cavity or placed in front of a wall using a clever cistern surround. If you want to tile a wall, select a waterproof frame surrounds that can also be tiled. Alternatively, for a completely harmonised bathroom scheme, simply choose a surround to match your Bauhaus furniture.

Concealed WC cisterns
see page 210

WALL HUNG SUPPORT FRAMES SPACE SAVING DESIGNS

Wall mounted WC's are becoming the favoured choice of style-savvy homeowners and designers. Open up the smallest of spaces or enhance larger bathrooms by creating more floor space, which instantly creates the illusion of space. For busy family bathrooms, it's also quicker and easier to clean.

Wall hung WC frames, see page 208

EFFICIENT QUIET & ECO-FRIENDLY

As with all Bauhaus products, installation systems offer an array of outstanding features and benefits. All cisterns are extremely quiet with an option to install pads to deaden any sound even further. They also feature dual flush technology so you can choose how much water you use, which can also cleverly help you to save even more water by simply adjusting the larger flush to the reduced water volume setting. Plates are available in a choice of designs and colours to complement your bathroom scheme and to suit your taste.

Press the large button and flush with the entire water volume.

Press the Eco button and flush with a reduced three-litre volume.

CHOOSE DUAL FLUSH TECHNOLOGY
AND USE UP TO **50% LESS WATER**

WALL HUNG WC SUPPORT FRAMES

THE FINISHING TOUCH SMART DETAILS

There's a wide choice of flush plate styles available to beautifully complement any bathroom design. Completing a well-dressed bathroom, look to match brassware, WC contours or décor, to suit your own personal taste. Compatible to both framed and concealed cisterns, they feature an ingenious yet simple connection method to ensure high performance and functionality every time. An eco friendly option, the dual-flush function helps you reduce water consumption, whilst cisterns are supplied at 6 and 3 litres for further water saving capabilities. Part G compliant to meet water consumption regulations, all cisterns can be easily adjusted to reduce the larger flush volume to 4.5 litres after installation.

BASINS

A COMPREHENSIVE RANGE TO SUIT ALL TASTES

STYLE FINDER

Whether you're sourcing for a small cloakroom, a luxury designer suite or practical family bathroom, it's important you choose the right style of basin. With such a vast range of designs you'll feel spoilt for choice so, we've created the definitive UK guide below to help you choose a style.

COUNTERTOP 220

Mounted onto a worktop console or piece of vanity furniture, this style of washbasin provides ample storage below for a variety of bathroom items, whilst also concealing the plumbing. Thoughtfully designed, full countertop basins are finished all the way around to allow you to beautifully accessorise with a mirror that can be hung directly behind.

BACK TO WALL COUNTERTOP 228

A flexible design that's suitable for mounting onto a vanity unit or within a worktop, this style can also be wall hung. Depending on your preference for fitting, if you choose to install in a vanity unit or worktop, a hole needs to be cut and waterproofed to accommodate the basin. The design features pre-drilled holes at the back should you wish to wall hang, therefore it's unsuitable to feature a mirror behind.

WALL MOUNTED 232

The most popular basin style, selected ranges can also function as a practical countertop. Convenient to install, extra care should be taken when mounting to a solid or external wall. Depending on the size and weight of the washbasin, it's advisable to fix the basin to a mounting board behind a stud-framed wall. For secure installation, pre-drilled holes on the back edge are visually apparent on all wall hung designs.

UNDERMOUNT 234

This style of basin is fixed to the underside of the worktop and must be securely fixed using a metal bracket and silicone. A designer touch, this style is the perfect solution to utilitarian schemes with a minimal amount of white porcelain on show. It's important to ensure that worktops are cut out from a template of the actual basin, it will also require a waterproof finish.

FURNITURE /INSET 236

A super all rounder that can accommodate all tastes, an inset basin style can be simply placed onto a furniture carcass or by cutting out the area of your worktop. A stunning finish, this style of basin creates a stunning feature in any style of bathroom. Choose from linea designs to subtle curvaceous shapes to complement your scheme.

FUNCTIONAL DESIGN WITH COMPLEMENTARY BRASSWARE AND BASINS

Selecting the right tap for your basin is essential to achieve your desired look and performance. Always select the basin before the tap fittings and ensure you choose a washbasin that can accommodate your choice of tap. When choosing a basin and mixer, consider your water pressure. Higher water pressures or pumped water supply systems will influence the suitability of your chosen tap and basin, so take note of your water pressure. A high pressure reducing valve or flow restrictor will give you added flexibility.

When choosing a mixer (mini, standard, tall or wall mounted) and basin please take note of your water pressure. Higher water pressures or a pumped water supply system may also influence the style or size of basin you choose and type of tap used. The use of a high pressure reducing valve or flow restrictor will add to the flexibility of choice you have. Please seek advice from your retailer.

General. Check if the basins come with tap holes. For basins without tap holes, you'll need a taller mixer with a longer spout because of the extra height or a wall mounted tap. Always select the basin before the tap fittings as some mixers are restricted to use only for certain basins. Ensure you choose a washbasin that can accommodate your choice of tap. Washbasins are available in a variety of sizes and shapes and often the style and format of tap can play a large part in one's choice of washbasin.
Note: Higher water pressures or pumped supply systems may also influence the size of basin and performance of tap used.
Cleaning/Maintenance. Regular cleaning with a mild detergent and clean sponge will keep your white basin in excellent condition. Periodic treatment with a lime scale remover may be required in hard water areas.

**MADE IN EUROPE
DESIGNED FOR
THE UK**

All of our Gallery washbasins are 100% manufactured in Europe yet designed specifically for use in UK bathrooms.

Ceramic basin with Platinum finish

GALLERY

THE FINEST CERAMIC & CAST MARBLE BASINS

Taking its cue from ancient fine art, our latest collection of beautifully formed basins has been created to offer pioneering ceramic design with stunning visual appeal. Featuring a creative mix of shapes from organic, elegantly refined forms to slender architectural designs and squared styles with softened angles, Gallery basins are also a leap forward in ceramic technology. Produced from fine fire clay that allows for more complex designs and a super-slim wall profile, this incredibly durable product is light in weight too. Finished in a white glaze, opt for our superlative 'Platinum' finish for a glamorous hint of luxury in any bathroom.

WHITER THAN WHITE
FOR THAT SHARP
MINIMAL LOOK

The Alice basin is made from cultured mineral marble which is produced from natural mineral and stone particles, polyester and resin bonding agents. Cast in specially made moulds the basins are finished in a tough, hardwearing scratch resistant Gelcoat® with a perfect white gloss finish.

The uniform surface is warm to the touch by cleverly adopting the ambient room temperature. The surface finish unlike ceramic lacks any pores or gaps so is easy to maintain and clean.

Basins should be cleaned using our Mineral Marble Basin Cream Cleaner/ Polish 150g bottle SD150RW £20.00

FURNITURE / INSET BASINS

A great choice for a designer look, inset basins create a modern finish when teamed with bathroom vanity units. Available to purchase with a range of Bauhaus' furniture designs, this basin style can also be easily placed into any carcass or worktop by cutting out the required area. With a choice of contemporary linear designs to subtly curvaceous shapes, this basin style sits close to the worktop making it a practical yet stylish choice for any bathroom scheme.

CELESTE

A design that oozes contemporary appeal, the Celeste basin is one of the largest basin furniture designs from Bauhaus, offering a choice of three spacious sizes all of which feature gentle curves and simple detailing.

See Page 58

SVELTE

Featuring graceful curves and a silky smooth surface, the range of Svelte basin units brings a touch of chic style to contemporary and even traditional bathroom designs.

See Page 198

ESSENCE

A compact yet smart solution for the bathroom, the integrated Essence washbasin is ideal for compact spaces, as well as those looking for a simple vanity unit and storage combination entwined into one.

See Page 106

ELITE

A masterpiece of modern design, the Elite range offers bold angular lines and a generously deep washbasin, mounted on top of a modern under-basin storage unit.

See Page 116

GLIDE II

Combining angular lines with a curvaceous inset handle, Glide II is the ultimate meeting of style and function. With a selection of sizes and luxurious finishes to choose from, you'll be sure to find the perfect fit.

See Page 78

PIER

Exuding modern design alongside superior functionality, the Pier range offers a practical solution for bathrooms of any size.

See Page 46

SOLO

Compact in size but big on style, Solo features a smooth basin surface crafted from cast mineral marble, inset into a single drawer storage unit.

See Page 140

DESIGN

A versatile design suitable for all bathroom schemes, the Design basin range is available in a choice of cast mineral marble or vitreous china, both of which offer a superior finish.

See Page 130

BASIN & FURNITURE COMPATIBILITY

We want your bathroom to be completed just as you had imagined. To ensure your basin is compatible with the furniture you've chosen, use this handy table on the opposite page.

COMPLEMENTING RANGES

To ensure your bathroom functions and looks as good as you have expected it to, we have carefully selected ranges that not only complement each other beautifully, but ensure that their designs are also compatible. For a truly harmonious scheme, browse the ranges in the table opposite to help you select the best ranges to suitably mix and match.

with 400mm pipe

MIRRORS & CABINETS

A COLLECTION OF INNOVATIVE AND FUNCTIONAL DESIGNS

ILLUMINATED MIRRORS FEATURES & BENEFITS

The range features thoughtful details such as demister pads and touch free on/off motion sensors as standard. These backlit mirrors provide brilliant illumination, whilst the clean crisp shapes enhance any bathroom design scheme.

1 HEATED DEMISTER PAD

All the mirrors come with heated demister pads, making steamy mirrors a thing of the past. These pads heat the mirror to a few degrees above room temperature within 2-3 minutes, preventing the mirror from misting in even the steamiest of bathrooms. The demisting effect will spread approximately 10-20% further than the pad itself.

2 NO TOUCH INFRARED ON/OFF SWITCH

All Bauhaus mirrors are equipped with a no touch infrared on/off switch situated on the side of the mirror, thus removing fingerprints from the mirror surface or pull switch.

3 IP44 RATED CLASS 1 RATED

All mirrors are IP44, Class 1 rated and suitable for installation in Zones 2 and 3 of a bath or shower room. See page 285 for more information on electrical safety and installation.

4 5MM MIRROR GLASS

PVC film backed safety glass complying to EN6206.1961 that avoids dangerous shards being created in case of an accident. A special treatment is also applied to the mirror edge that prevents the risk of mirror edges becoming discoloured.

5 LED LIGHTING

Providing superb function with fabulous decorative style, all mirrors feature the latest high luminosity, low energy consuming LED lighting. Cool White 6400k.

LANDSCAPE & PORTRAIT MOUNTING (except Edge)

Most of our mirrors can be hung at landscape or portrait positions. Where this facility is available, the sensor switch is located on the bottom left and side for a portrait hung and bottom right hand side for landscape hung.

Important notes

Mirrors must be mounted so that the sensor switch is a minimum of 150mm from an adjacent wall or obstruction to ensure function of the sensor switch. If a mirror is mounted portrait, the sensor is located on the bottom right hand edge of the mirror. If mounted landscape, the sensor switch is located on the bottom left hand corner. All mirrors are IP44, Class 1 rated and suitable for installation in Zones 2 and 3 of a bath or shower room, see page 290 for more information on electrical safety and installation.

SERENE

Understated elegance combined with superior illumination. Two vertical LED strip lights offer maximum brightness with minimum energy output.

w 800 x d 52 x h 600mm

Carcass w 900 x h 790 d 119mm
Internal Shavers only socket
Infrared sensor on/off switch
45 x 9W white low energy LEDs
Soft close door hinges
6 height adjustable safety glass shelves
Three double sided mirrored doors
2 compartments - single door left and 2 door right
Day Light 6000k LED

All cabinets are IP44, Class I rated and suitable for installation in Zones 2 and 3 of a bath or shower room, see page 290 for more information on electrical safety and installation. Cabinets conform to BS EN 60598-1:2008+A11: 2009 and BS EN 60598-2-1:1989. Fluorescent feature electronic ballast, and are fast on off with minimal flicker effect.

DUO

The ideal space-saving bathroom cabinet, DUO is carefully designed to allow for optimum storage flexibility and superior LED illumination. Offered in two sizes, DUO can be recessed into a wall to create more over-basin headroom, or installed in the customary fashion by surface mounting onto a tiled wall. Whichever option suits your bathroom, DUO cabinets are superbly equipped.

Bathroom "proof" finger print free aluminium carcass

TOWEL WARMERS

A HIGH QUALITY COLLECTION OF ELEGANT STYLES

MADE IN EUROPE DESIGNED FOR THE UK

All our Gallery towel warmers are manufactured in Poland and designed specifically for use in UK bathrooms.

Svelte Metallic Black Matte

GALLERY

THE FINEST TOWEL WARMERS

Combining up-to-date styles with the latest in thermal technology, the new range of Gallery towel warmers is guaranteed to make a statement in any bathroom. Manufactured using high-grade steel, each individual design provides superior heat output and plentiful hanging space for drying towels quickly and efficiently.

Highest quality, low carbon steel ensuring product longevity to EN10305-5

Up to 10 Year Guarantee

Each towel warmer is leak tested twice during the manufacturing process

Curved rails are created using 'Free Form' bending, resulting in 100% accurate internal and external curves for better water flow and heat output

1,000 hour salt spray tested

Introducing Oxsilan®, a state-of-the-art and eco-friendly corrosion protection process that is used in premium car bodies. A single layer coating offers the same degree of corrosion protection as ten times thicker zinc phosphate layers. This reduces material consumption, pre-treatment times and increases productivity through a genuinely eco-friendly production process

All rails use the very latest 3D laser technology for cutting and boring tubes, for the highest quality finished product, performance and longevity

Copper infused welding technology ensures all gaps are correctly sealed and provides an invisible joint

WEDGE

For those who want something a bit different in a Towel Warmer. Exceptional design with precision 3D laser-cut sections.

SUMMER HEATING ELEMENTS

Also known as dual fuel or dual energy. Connected to a central heating circuit and including an electrical element that allows operation in summer months when the central heating is not in use.

CHROME HEATING ELEMENTS

FUNCTIONALITY

These heating elements use the latest intelligent heating and safety technology. Featuring two temperature settings of 45°C or 60°C, an in-built electronic temperature sensor ensures precise control with a smart 2-hour timer featured as standard. Simple to use with a single control button for all functions, the device displays its current operating mode using multi-coloured LEDs. The heating element has very low power consumption when in standby mode 0.5w.

SAFETY

Featuring an active safety feature that initiates in the event of dry radiator operation, the heating element is equipped with a temperature sensor and thermal fuse (double overheating protection). The element will display warning indicators in the case of malfunction. Rated I, IPX5

SLEEK AND UNOBTRUSIVE

A subtle add-on to your choice of rail, the elements fit easily inside the rail, blending seamlessly with the collector profile so becoming an integrated part of your towel warmer.

Chrome Heating Element 300w
RADX300C £195.00

Chrome Heating Element 600w
RADX600C £195.00

These elements are suitable for all Bauhaus Towel Warmers.

STANDARD HEATING ELEMENTS

Electric Element 150w
RADX300 £75.00

Electric Element 300w
RADX350 £80.00

Electric Element 600w
RADX700 £89.00

All Summer Heating Elements are IP54 rated.

Summer Heating Elements are supplied with T Piece.

Please refer to the bathroom zone diagram when using electrical components within the bathroom environment, see page 302. The summer element is equipped with a thermal fuse that will cut out at 65C, with a total shut down safety setting at 78C.

These elements are suitable for all Bauhaus Towel Warmers.

PIPE WALL COVER

Chrome Pipe Wall Cover
RADPIPEC £15.00
15 x 300mm

ELECTRICAL INFORMATION

The diagram below is supplied as a guide to Bathroom Zones as referred to in IP ratings of the over mirror lamps and electric heating elements. Please refer to the latest edition of BS 7671:2008(2011) to ensure conformity.

It is important to install light fittings and electric Towel Warmer elements in the correct bathroom zone i.e. the zone referred to in the IP rating of the element. This is not an installation guide and reference should be made to the latest edition of the IET Wiring Regulations or a qualified electrician member of NICEIC or IET.

Zone 0 is inside the bath or shower tray itself. Any appliance used in this zone must be rated at least IP67 which is total immersion proof.

Zone 1 is the area above the bath or shower tray to a height of 2.25m from the floor. In this zone a minimum rating of IP44 is required and elements must also be protected by a 30mA residual current device (RCD) to protect the circuit. The electrical connection to the power supply for these appliances must be in Zones 2/3 of the bathroom in compliance with BS 7671:2008(2011) - IEE Wiring Regulations.

Zone 2 is an area stretching 0.6m outside the perimeter of the bath and to a height of 2.25m from the floor. In this zone an IP rating of at least IP44 is required. In addition it is good practice to consider the area around a washbasin, within a 60cm radius of any tap to be considered as zone 2.

Bauhaus IP44 lamps come without a pull switch, and are designed to operated via an existing and suitable room light switch.

Failure to have electrical products installed and certificated by a qualified electrical engineer will invalidate any product guarantee.

For full details reference should be made to the latest copy of the IEE wiring regulations and all applicable British Standard and European norm specifications.

WHY VISIT YOUR LOCAL BATHROOM SPECIALIST?

Designing, planning and buying a new bathroom should be a truly enjoyable and ultimately rewarding experience.

At Crosswater we believe that by far the best place to buy your bathroom is at an independent bathroom specialist, why?.....

1 EXPERIENCE & EXPERTISE

Specialist bathroom retailers offer a wealth of experience and skill to ensure you receive an impeccable and personal service throughout your bathroom project whatever the size, including help with installation and local tradesman.

2 DESIGN CONSULTATIONS

Specialist bathroom retailers can offer knowledgeable assistance with room layout design and technical considerations - most will do this at in the comfort of your own home. Many can provide full 3D design plans so you can visualize your bathroom before its fitted.

3 TEST DRIVE SHOWROOM DISPLAY PRODUCTS

Browse, touch and test a huge variety of bathroom products in comfortable surroundings, and receive qualified and fully trained advice on each and every aspect of the products - you simply cannot do this online.

4 AFTER SALES CARE

Once you have purchased from a bathroom specialist you can get personal and most importantly local after sales support.

PRODUCT QUALITY TOTAL PEACE OF MIND

All Crosswater products are designed and produced to the most exacting British and European standards covering performance, durability and safety. To back this up, all Crosswater products carry extensive guarantees, details of which are available at the back of this brochure, online, or by asking your local retailer.

THERE'S A LOCAL BATHROOM SPECIALIST NEAR YOU

There are almost 600 independent bathroom retail specialists in the UK. The 'Where to Buy' feature on our website allows you to find a dealer as close to home as possible.

These stores present the largest choice of our products locally, including approved dealer status for Digital, Mike Pro and Kelly Hoppen ranges. Some outlets display products and ideas within dedicated "Crosswater Shop-in-Shop areas", some demo products are fully working and you can consult with fully trained sales people on all aspects of your bathroom project.

Specialists in at least one of our brands, with most stores offering a wide range of Crosswater products from within high quality display settings including many of the products featured in this catalogue. Stores have a knowledgeable Crosswater product expert available from initial visit through design and installation.

TERMS & CONDITIONS

PRICES

This price list supersedes all previous publications with goods being invoiced at prices ruling on date of despatch. Prices are subject to alteration without notice and include VAT.

DELIVERY

Orders in excess of £50.00 nett invoice value will not be subject to carriage charge and will be delivered within two working days from receipt of order. Orders below £50.00 will be subject to a fixed charge of £5.00. Any claims for non-delivery, shortage or damaged goods must be reported in writing to the company within 14 working days from date of delivery. Such claims will not be accepted for deliveries to a third party delivery address.

RETURNED GOODS

Requests to return goods must be made in writing to Returns.Department@crosswater.co.uk and include the product details, purchase order number and reason for return. Requests for items not required must be received within 21 days, be in perfect condition, in the original packaging and will be subject to a 12.5% re-stocking charge. Requests for damaged, goods with missing parts and picking errors must be received within 14 days of the delivery date. Faulty items may be returned for testing or inspection at any point but must be provided with proof of purchase. Special orders are non-returnable. Collection will only be made from point of delivery. Damaged will not be collected once they have been sent to a third party

RETENTION OF TITLE

Ownership of goods shall remain in the Company until full payment has been received for all goods comprised in this contract. If any goods are re-sold before payment is made the Company's right of ownership shall be transferred to the proceeds of sale or to the claim for such proceeds.

LIABILITY

All quotations are given and goods sold subject to the conditions that the seller's liability is limited to goods proved to have been defective in material or workmanship when they left the seller's works. No claim will be accepted where goods have not been used for the purpose for which they were intended, not fitted correctly, not maintained to the seller's recommended standards or have been abused or misused.

ERRORS & OMISSIONS

In the interest of continuing design and development and product improvement, Bauhaus reserves the right to change colour, designs and product specifications without prior notice.

PRODUCT COMPATIBILITY

Whilst the majority of Bauhaus products are compatible, care should be taken on product selection prior to ordering to avoid installation issues. Technical drawings are available on our website or on request.

GENERAL

The colours and finishes reproduced in this brochure are as accurate as the photography and printing process allows but may vary from the actual colours. Product sizes stated are nominal and should be checked against product. It is strongly advised that all bathrooms are well heated and ventilated.

It is the responsibility of the individual installer to ensure that these products are fitted correctly and in line with the instructions provided. Failure to comply with the recommended fitting instructions will invalidate the guarantee.

EASY INSTALLATION

All furniture ranges incorporate a factory fitted hanging system that allows safe and simple installation. Please ensure the correct wall fittings are used on solid or stud walls. Some furniture products are reversible for left or right hand door opening.

INSTALLATION NOTES

When installing a wall hung pan or wash basin please ensure that appropriate fixings or suitable framework are used. When purchasing a wall hung pan, wash basin or bidet on its own Bauhaus does not supply any fixings. We strongly recommend all furniture and ceramics be fitted to a tiled surface, not tiled up to, this will assist any future maintenance. Due to the weight of some products you must ensure that the walls to which fixing is to be carried out are of a suitable construction to support the product.

SUITES AND BASIN CERAMICS

Vitreous China is an extremely hard, non-porous product; but it is also breakable and therefore must not be put under stress during installation. Basin waste fittings if over tightened will create stress within the ceramic material which may in time cause the failure of the product. Waste fittings should be carefully sealed in silicone and the back nut hand tightened, one additional and final quarter turn using a suitable spanner is sufficient to create the required watertight seal. Care should also be taken when fitting brassware to tap platforms in order to prevent similar stress related failures. All products should be inspected before attempting installation.

CARE AND CLEANING

Furniture, ceramic, glass, accessories and radiators are made to the highest standards, by following the simple guidelines below will provide you with many years of enjoyable service.

General:
NEVER use products containing bleach, caustic soda, cleaners of a gritty or abrasive nature or so called "glass and mirror" cleaning products.

Furniture:
Apart from regular wiping off the furniture units can be cleaned with a moist soft or micro fibre cloth. Any stubborn marks can be removed with diluted mild detergent e.g. washing up liquid.

Mirrors, cabinets and light fittings:
Clean only with a micro fibre cloth, NEVER use "glass and mirror" cleaning products

Sanitary ware, toilet seats, glass basins and ceramics:
Sanitary ware/ceramics should be cleaned after use by applying a little cream-type cleaner using a sponge or damp cloth and rinsed thoroughly with clean water. In hard water areas a good quality lime-scale remover can be applied.

Toilet seats should only be cleaned using a diluted mild detergent e.g. washing up liquid or warm non-abrasive soapy water; products containing bleach can lead to staining. Toilet seat hinges should be cleaned ONLY using a moist soft or micro fibre cloth. Any stubborn marks can be removed with diluted mild detergent e.g. washing up liquid.

Cast mineral resin basins:
The high gloss polished finish is easily cleaned using a diluted mild detergent e.g. washing up liquid or warm non-abrasive soapy water; in hard water areas a good quality lime-scale remover can be applied. Accidental spillages of household chemicals, nail polish, hair dye should be removed immediately, clean the surface with warm soapy water and wipe dry.

We recommend regular application of Bauhaus Mineral Basin Cream Polish SD150RW this will assist in preventing the build up of lime scale and retain the gloss lustre.

Towel Warmers:
Should be cleaned when cold with a moist soft or micro fibre cloth. Any stubborn surface or oxidation marks can be cleaned with Maas® Metal Polishing Crème, that will leave a long-lasting, fingerprint-repelling protective finish.

PRODUCT GUARANTEE*

All Bauhaus products unless otherwise stated carry a 15 year guarantee, which covers all manufacturing defects. This guarantee does not cover damage during fitting or misuse.

- The guarantee is only available to original purchasers who have proof of purchase.
- If the product has been installed, Bauhaus must be given the opportunity to inspect the product in the installed condition.
- If the product is defective in materials or manufacture the original purchaser must contact our Technical Department within 30 days of the fault occurring. If the fault is not resolved the goods should be returned to Bauhaus and at our discretion we will refund the purchase price, repair and return the goods to you or send new goods or parts to you as a replacement, this shall constitute our sole obligation under this guarantee.
- Due to a continuous development program. If in our opinion the product has failed under the terms of the guarantee and a replacement is offered but identical goods are no longer available, Bauhaus will replace it with our nearest equivalent product.
- This guarantee covers normal use; it does not cover faults caused by incorrect installation, wilful damage, neglect, misuse, modification, inappropriate cleaning, accidental damage and other events outside Bauhaus control.
- The guarantee does not cover any product that has been altered or modified in any way without the prior written consent of Bauhaus.
- If a claim is made under this guarantee, and the defect is not due to faulty materials or manufacture, Bauhaus reserve the right to charge the customer at the current hourly rate in respect of any service engineer time.
- The guarantee is only valid for products purchased, installed and used in the United Kingdom.
- The guarantee does not cover ex-display units.
- The benefit of this guarantee cannot be transferred to a third party.

The guarantee is in addition to and does not affect your statutory rights.

In the interest of continuing design, development and product improvement, Bauhaus reserve the right to change colour, designs and product specifications without prior notice.

*Bauhaus products carry guarantees against manufacturing defects as follows, sanitary ware, ceramic and cast marble basins 15 years; bathroom furniture, illuminated mirrors, bathroom cabinets and towel warmers 5 years. Cistern fittings and toilet seats 1 year. Consumable items such as light bulbs and tubes also carry a 12 month guarantee against manufacturing defects.

General wear and tear to any of the above items would be considered a specific exclusion.
