## LIABILITY

---

All quotations are given and goods sold subject to the conditions that the seller's liability is limited to goods proved to have been defective in material or workmanship when they left the sellers works. No claim will be accepted where goods have not been used for the purpose for which they were intended, not fitted correctly, not maintained to the seller's recommended standards or have been abused or misused.

## ERRORS & OMISSIONS

---

In the interest of continuing design and development and product improvement, Crosswater reserve the right to change colour, designs and product specifications without prior notice.

## CUCINA SINKS

---

Each sink is manufactured to comply with EN 13310:2005

## CLEANING & MAINTENANCE

---

### Cucina Mixers

All Crosswater products should be cleaned with warm soapy water only and polished with a clean, soft, dry cloth.

When installing wall mounted products Crosswater strongly recommend making provisions for an in-wall access point, particularly when tiling, for maintenance purposes.

### Cucina Sinks

- Clean regularly with hot soapy water and a soft Micro fibre cloth (eg. E-cloth).
- A good quality lime scale remover such as Viakal or a 50% mix of water and white vinegar can be used to remove lime scale deposits, ensure to rinse thoroughly after use, do not leave the vinegar in contact with the surface.
- A nylon scratch pad or toothbrush can be used with a compound like "Bar Keepers Friend" to remove more stubborn stains.
- Always clean the sink with an anti-bacterial cleaner and rinse with hot water after cleaning or preparing foodstuffs.

## 15 YEAR GUARANTEE\*

---

All Crosswater products, unless otherwise stated carry a 15 year guarantee, which covers all manufacturing defaults.

This guarantee does not cover damage during fitting, misuse or inappropriate cleaning, shower hoses or cartridges as these are guaranteed for 1 year. Care should be taken in hard water areas to ensure the cartridge is regularly cleaned.

\*Cucina sinks carry a 10 year guarantee.

## PRODUCT COMPATIBILITY

---

Whilst the majority of Crosswater products are compatible, care should be taken on product selection prior to ordering to avoid installation issues. Technical drawings are available on our website or on request.
