WELCOME TO PURA

Featuring our Pura Bathrooms, Imex and Puracast brands welcome to our new GO2 brochure from Pura Bathrooms. Featuring a complete range of bathroom product solutions at all price points, we are confident our new brochure will be the priority brochure you naturally “go to”.

The Pura Bathrooms Group are one of the fastest growing, dynamic and ambitious bathroom product manufacturer's in the UK. Founded in 2004, we are family owned and are based in East Sussex. Exclusively available via independent showrooms and trade customers; we offer a choice of brands that are designed to inspire; are beautiful to look at and; are manufactured to the highest quality standards with precision and thoughtfulness. Combine this with superb value-for-money from the top to the bottom of our price range and our products are the benchmark for competitors to aspire to.

Where is the Pura Bathrooms Group based?

We are based across multiple UK sites. Our group sales and after-sales are located in our 40,000ft² Crowborough Head Office, manufacture is in Crowborough and Waltham Cross. The recent relocation of our distribution centre to a purpose built 2,800 pallet, 37,000ft² facility, strategically located in Coalville, Leicestershire, means we can provide a fast, efficient service to our stockists. We maintain a massive stock holding across all sites, and our fleet of vehicles and chosen courier partners distribute from the far North of Scotland to the tip of Cornwall in the South.

Guarantees

To reflect our confidence in the quality, durability and reliability of our product range we offer a 25 year guarantee across our range of sanitaryware and baths along with a 10 year guarantee for our brassware and accessories. Quality you can rely on; product you can trust.

PURA BATHROOMS

IMEX SANITARYWARE

Cool urban chic, period elegance, sumptuous sophistication – an Imex Collection bathroom can have as many moods and personalities as we can! Using the highest quality design and materials, each beautifully crafted basin, bidet, toilet or piece of furniture is finished to the highest specification, to ensure every bathroom will be a dream bathroom.

Designed with varying sizes of bathroom in mind, the Imex Collection is versatile as well as luxurious, offering options and styles such as rimless and box rim close-coupled, back to wall and wall hung toilets and bidets; pedestal, semi-recessed and countertop bowls and vanity units that can be chosen to suit modest or generous spaces.

The Imex Collection is a high performance range that oozes quality, from the hand finished sanitaryware, WRAS approved cistern fittings, to meeting all European (CE) quality standards. Which is why we are proud to offer a 25 year Guarantee with each product*.

With Imex you get more than a functional solution for your bathroom, each piece has been designed to fit with the demands of modern luxury living. Thoughtful features such as quick release seat hinges to allow easier cleaning, soft closing seat and drawer mechanisms and 'Imex clean' anti-bacterial surfaces set the range apart. All Imex cistern fittings are set at 6/3 litre flushing capacity, but with an eye on the environment, WCs with the Imex 'Eco' marque means you can use as little as 4/2.6 litres when flushing, without compromising the effectiveness of the flush.

Imex – the mark of bathroom luxury.

*One year guarantee on internal working parts.

CERAMICS UK LTD

IMEX RIMLESS WC COLLECTION...

All Imex rimless WCs are manufactured using an integrated, hygienic glaze, specially formulated to provide a super smooth finish which repels any deposits, so you can be assured of long-lasting hygiene protection.

Cleaning is easy too – a simple wipe of a cloth is all that is required for a sparkling, stain-free WC.

The Imex range of rimless WCs offers a modern, precision engineered solution to the contemporary bathroom that sets it apart.

With no internal rim, the innovative flushing system swirls water across the entire WC pan, removing any residue and leaving the WC clean and fresh- even at volumes of water as low as 4/2.6lpm. Unlike traditional box rim loos, the open design and clever flushing system delivers a splash free flush and as there is no rim to harbour bacteria or germs, reduces the need for chemical cleaning products making it an easy to maintain, more hygienic choice.

...THE ULTIMATE IN HYGIENIC PERFORMANCE

Hygienic

With no rim to harbour bacteria and germs, Imex rimless WC's are ultra-hygienic and minimise the need for expensive chemicals and cleaning products.

The specially formulated super smooth high gloss, anti-bacterial glaze, repels any deposits sticking to the surface, offering long-lasting hygiene protection.

Efficient

The WRAS approved, precision engineered flush system cleans the entire pan at water volumes as low as 4/2.6lpm*, saving water and removing residue efficiently - without splashing!

Easy to clean

Imex rimless WCs come with a hygienic, high gloss ceramic wipe-clean glaze, making bathroom cleaning simple!

Versatility and choice

Available in a range of styles to suit all tastes and bathroom schemes.

*Grace close coupled open back system only. There is 6lpm/3lpm flush performance with wall hung models.

IMEX WC SEAT COLLECTION

- **Soft close seat and cover; practical and convenient**

The ultimate in luxury, the seat and cover close gently and whisper quiet with minimal requirement for touching the WC seat; convenience for all the family.

- **Quick release function; hygienic, easy cleaning**

Simply press the button and lift off the entire seat from the WC. Allows thorough cleaning by gaining access to previously hidden areas of the toilet. Refit by simply clicking back into position.

- **Puraplast anti-bacterial technology***

Manufactured using Puraplast thermoplastic anti-bacterial technology providing a durable, robust construction whilst ensuring a super smooth, easy clean consistent finish.

The specially formulated anti-bacterial material repels the build up of bacteria, offering long lasting hygiene protection.

*not including Wyndham oak wooden seats

- **Top fixings**

All seats include top fixings which secure the seat from the top, rather than the underside of the WC, for ease of installation.

MIRRORS

The Pura range of mirrors offers stylish, innovative and simple solutions from practical mirror cabinets providing additional storage, to low energy LED lit mirrors. Featuring innovative infra-red on/off sensors, there's a high quality mirror to suit your family and budget. Our mirrors are manufactured to the highest standards so they are durable and resistant to moisture damage.

LUNA

Stylish yet simple, a Luna mirror will look great in virtually any bathroom setting. In a variety of widths and heights, from a modest 400mm to a generous 1200mm to full length 420mm x 1450mm dress mirror, all come with low energy LEDs and a clever infra-red sensor.

FLITE

The Flite range of illuminated mirrors are the essence of simplicity. With LED low energy lighting, vertically on either side of the mirror and available in 600mm and 900mm widths to fit over the basin, they will light up with the pull of a cord.

ECHO

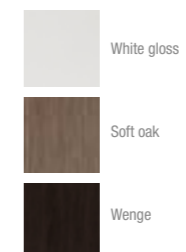

Echo mirror cabinets come in single and double door configurations and in a choice of wenge, soft oak and white gloss finishes, so they blend beautifully with most bathroom designs. Accessorise with low energy lighting for the finishing touch. Echo mirrors are available in a range of sizes and are manufactured to the highest standards so they are durable and resistant to moisture created, looking equally at home in a traditional or contemporary setting.

XCITE

Our aluminium framed mirrors are manufactured to the highest standards so they are durable and resistant to moisture created within a bathroom. With versatile styling, our mirrors will look equally at home in a traditional or contemporary setting.

For use with Echo mirror cabinets

GRACE

Add a touch of luxury to your bathroom design with our sophisticated Grace range of low energy LED back-lit illuminated mirrors, available in 600mm, 1000mm or 1200mm sizes. Our mirrors operate via a smart infrared sensor, with the 1200mm version also featuring a useful integrated illuminated magnifying mirror. The mirrors can be placed above the vanity unit for the final finishing touch.

THE PURACAST RANGE

Make a statement in the bathroom with the ultimate in bathing luxury – a Puracast bath. Made from versatile premium acrylic, all Puracast baths are finished by hand at our manufacturing facilities in East Sussex, to create a beautifully smooth, high gloss, lustrous bath. Whether you choose freestanding, single ended, double ended, a space saving showerbath or you are creating an indulgent retreat or a stylish family bathroom, you can be assured that your Puracast bath will be the stunning centrepiece.

Hand finished in the UK

The care that is lavished on a Puracast bath is second to none, with each bath being finished by hand in the UK. Our highly skilled team layer the baths with 7 levels of fibreglass and give each one that final premium lustrous, easy to clean finish that makes a Puracast bath so special.

Our guarantee

We are so proud and confident in our Puracast Baths that we are delighted to offer a 25 year Guarantee with each bath.

PURACAST – the mark of quality and strength

WHAT IS PURACAST?

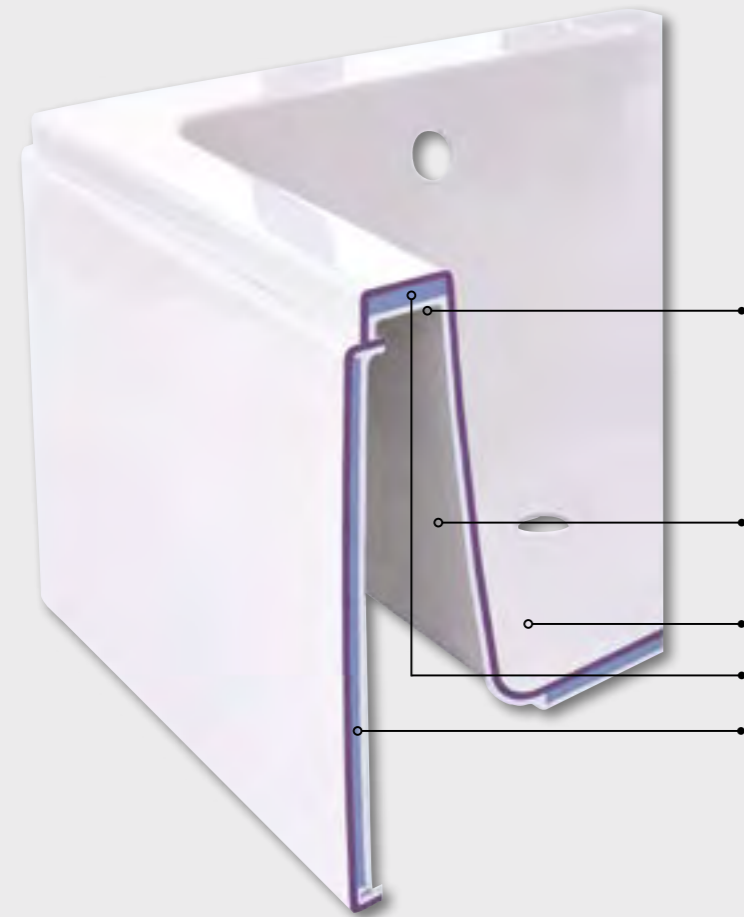

Puracast baths are the ultimate premium bath. Hand finished in the UK to the most exacting of standards, they are rigid, durable, strong and with a reassuring substantial weight, are perfect for all bathrooms, regardless of bath style chosen.

The versatility of the materials used, the advanced manufacturing process and the quality of our craftsmanship means that Puracast baths can be designed in beautiful sculptural shapes that suit the contemporary bathroom.

Made from a generous 5mm of acrylic, the baths are reinforced with 7 layers of hand applied fibreglass core matting and resin bonding (the same construction method used within the automotive and maritime industries). Plus the timber framed bath rims and bath bases are fully encapsulated in fibreglass matting and resin bonding providing extra rigidity, meaning the bath will not 'flex' when you step in.

BATHS OF STRENGTH & QUALITY

Constructed using the finest 5mm acrylic lucite sheet, providing a bath offering comfort and excellent thermal retention

Seven layers of resin bonded fibre glass encapsulation for strength and rigidity, creating one of the strongest baths available

The solid core reinforcing (up to 30mm) gives the Puracast baths strength and durability

Sturdy galvanised full width legsets provided with each Puracast bath ensuring supreme rigidity and balanced support across the entire bath base.

Quality, strength and durability

Because of the rigour of the manufacturing process and the quality of the materials used, Puracast baths have superb thermal retention, so the water stays warm much longer than average acrylic bath, meaning you don't waste water or energy. The strength and durability created by the reinforcement process means you don't get that unnerving 'flexing' sensation when you step in.

Manufactured by hand

The care that is lavished on a Puracast bath is second to none. Our highly skilled team layer the baths with 7 layers of fibreglass core matting and resin bonding by hand. Even the timber framed bath rims and bath bases are fully encapsulated using exactly the same process for extra strength and rigidity.

Hand finished in the UK

Each Puracast bath is given that final premium lustrous easy clean finish at our manufacturing facilities in East Sussex. It's the finishing touch that makes Puracast baths so special.

We are so proud and confident in our Puracast Baths that we are delighted to offer a 25 year Guarantee with each bath.

The Puracast bath range would not be complete without a water saving 'eco' option. Perfect for anyone wanting to keep an eye on water bills or for builders and developers who need to meet new build compliance regulations.

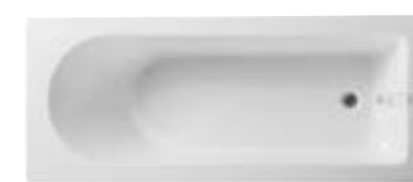

Choosing the right 'eco bath' is simple. This special range is supplied with an undrilled bath overflow and arrives complete with a water capacity level indicator template, which allows you choose the desired water capacity for the bath.

Simply drill a 45mm hole at the water capacity level you require* and install the waste fitting (check out our full range of fittings within our FlovaUK and Pura Bathrooms brassware ranges). Finally remove the low tack, easy to remove label – it will not mark or damage the bath.

*To ensure there is no damage to your bath during installation Pura Eco baths can be drilled at our factory, to your specification and at no extra cost

BESPOKE SHOWER DESIGNS

In addition to our shower packs, you can also design and build your own bespoke shower solution. Simply follow the steps below to build the shower of your dreams.

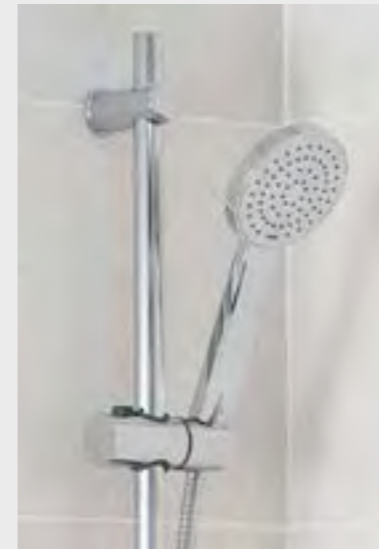

Step 1

Choose your concealed single or dual outlet shower valve or select a single outlet bar valve. (Please refer to the shower valve section from page 201)

BESPOKE SHOWER DESIGNS

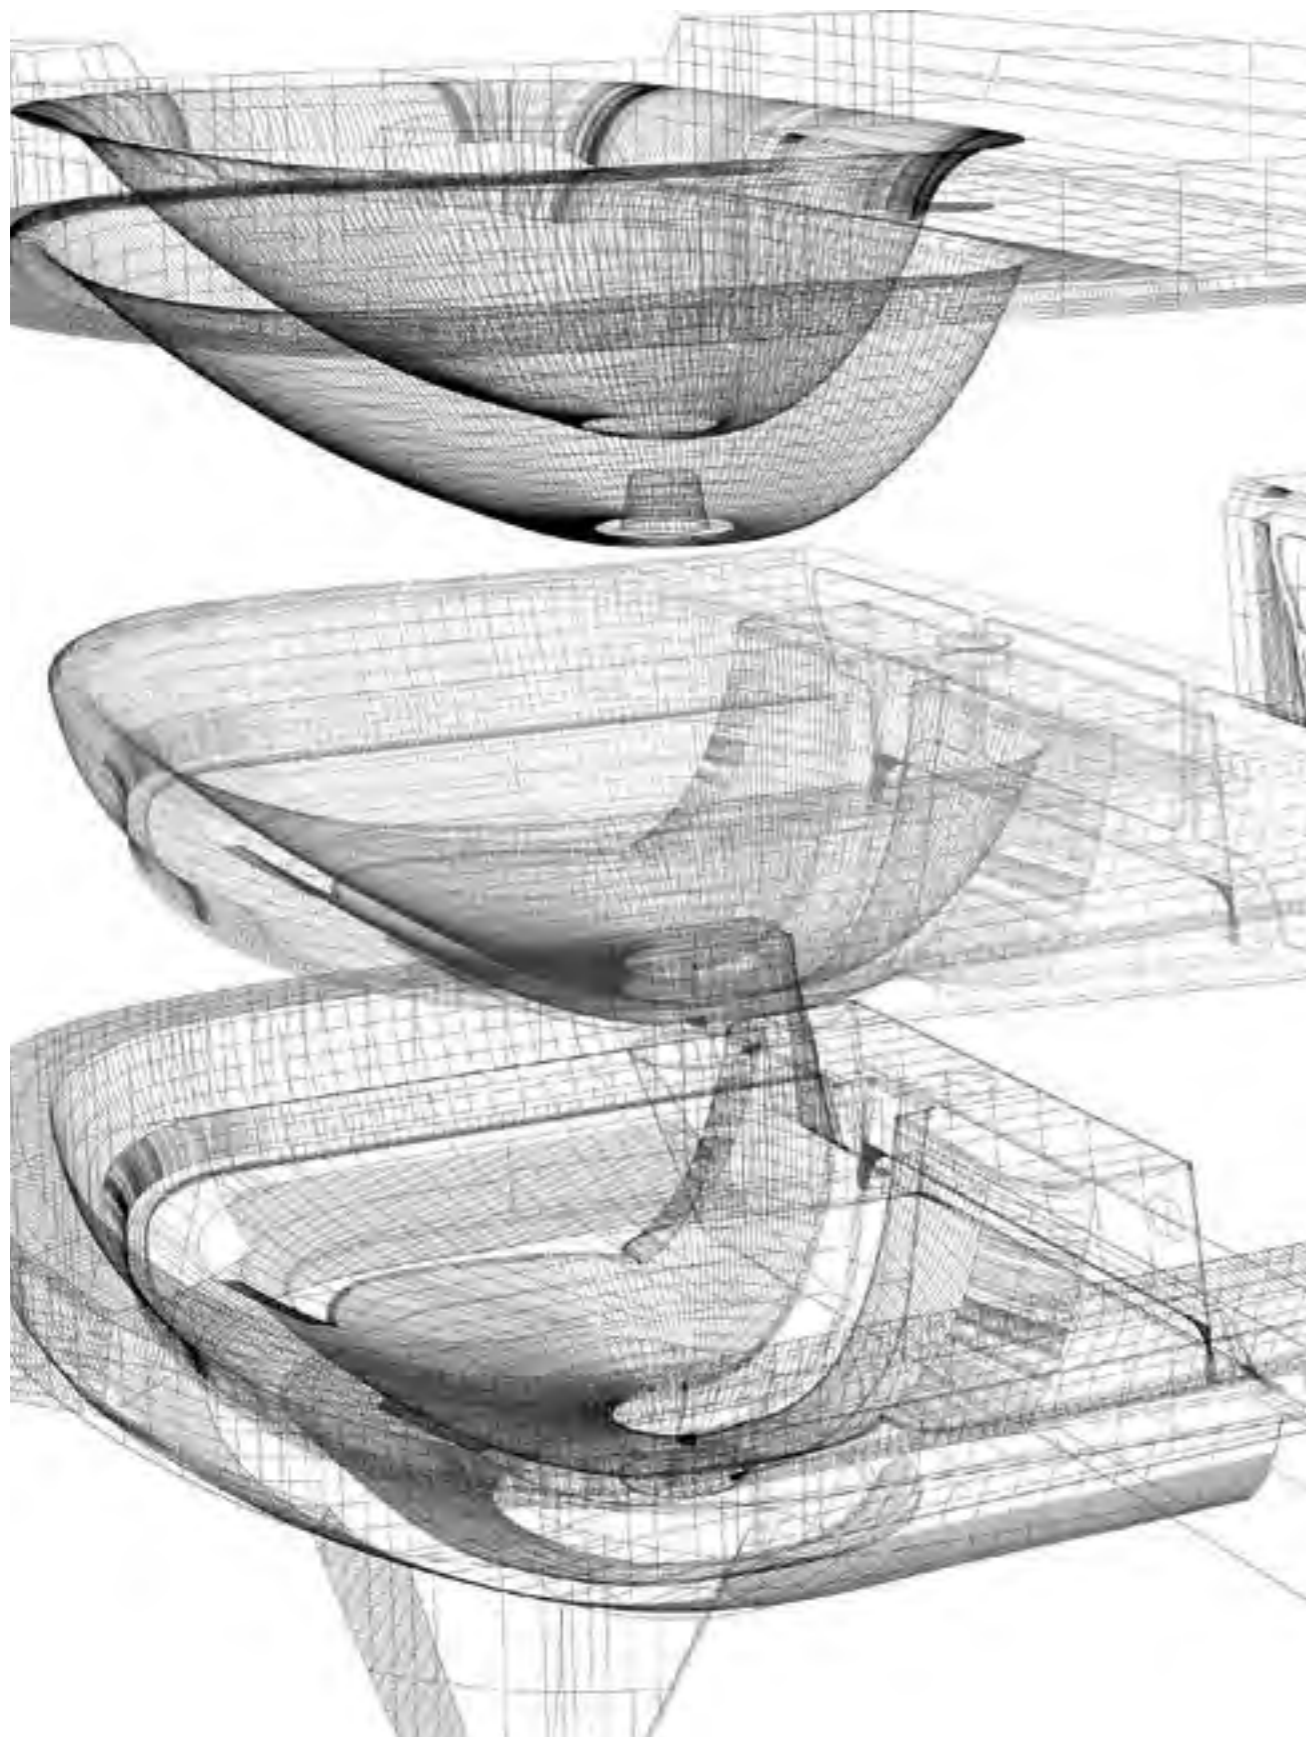

Step 2

Team your chosen shower valve with a choice of adjustable rail systems and/or fixed drencher head designs. (Please refer to the shower head components section from page 205)

Step 3

Accessorise your chosen solution with our range of wall outlets, parking stations, hoses and hand showers as well as basin and bath wastes and fillers. (Please refer to the accessories and wastes section from page 211)

GUARANTEE

All Pura Bathrooms brassware is supplied with complete with a 10 year guarantee from date of purchase covering against manufacturing defects, provided the product has been installed, used and regularly maintained in accordance with our installation and maintenance instructions.

All working parts such as hoses, cartridges, seals and waste mechanisms, which are subject to normal wear and tear, are covered for 3 years from proof of date of purchase.

This guarantee applies to the original purchaser only and is non-transferable.

This guarantee does not affect your statutory rights.

This guarantee is only applicable in the U.K. and Republic of Ireland.

SERVICEABLE COMPONENTS

In the event that a spare component is required, we hold stock of all serviceable parts which are usually available on a same day dispatch process. Spare parts can be ordered through our aftersales team either by telephone 01892 611240 or email aftersales@purabathroomsgroup.co.uk. If the required spare part is within our 3 year working part warranty, we will require a copy of the original proof of purchase to activate your warranty.

RETURNS POLICY

In the unlikely event that the return of a replacement part is required, please contact our returns department on returns@purabathroomsgroup.co.uk or 01892 611240. All returns may be subject to a 25% restocking charge.
