# WELCOME TO PURA

**Featuring our Pura Bathrooms and Puracast brands welcome to our new 2018 Go2 brochure from Pura Bathrooms. Featuring a complete range of bathroom product solutions at all price points, we are confident our new brochure will be the priority brochure you naturally “go to”.**

Pura Bathrooms are one of the fastest growing, dynamic and ambitious bathroom product manufacturer’s and distributors in the UK. Founded in 2004, we are family owned and are based in East Sussex. Exclusively available via independent showrooms and trade customers; we offer a choice of products that are designed to inspire; are beautiful to look at and are manufactured to the highest quality standards with precision and thoughtfulness. Combine this with superb value for money from the top to the bottom of our price range and our products are the benchmark for competitors to aspire to.

We are based across regional UK sites. Our group sales and after-sales departments are located in our 40,000ft<sup>2</sup> Crowborough Head Office and support and look after our customer base in the South. Situated in the Midlands, our 37,000ft<sup>2</sup> distribution centre, strategically located in Coalville, Leicestershire, means we can provide a fast, efficient service to our stockists and retailers in the North and Midlands. We maintain a massive stock holding across all sites, and our fleet of vehicles and chosen courier partners distribute from the far North of Scotland to the tip of Cornwall in the South.

## PURA BATHS

Designed with the modern home in mind, the Pura range of single ended, double ended and space saving shower bath styles are available in a variety of lengths and widths. And with a complementary range of bath panels and screens to choose from, a Pura bath will transform your bathroom into an oasis of relaxation and well-being.

### Raising the standard

Manufactured in the UK to the highest standards, Pura baths have a 25 year guarantee, are more comfortable and retain heat for longer than the average bath. The added reinforced fibreglass, reinforced timber framed rims and fully encapsulated bath bases give additional strength, durability and rigidity.

## PURACAST RANGE

Make a statement in the bathroom with the ultimate in bathing luxury – a Puracast bath. Made from versatile premium acrylic, all Puracast baths are finished by hand at our manufacturing facilities in East Sussex, to create a beautifully smooth, high gloss, lustrous bath. Whether you choose freestanding, single ended, double ended, a space saving showerbath or you're creating an indulgent retreat you can be assured that your Puracast bath will be the stunning centrepiece.

**Ecobathing**

For our Ecobathing range of Puracast baths see pages 78-79.

### **Hand finished in the UK**

The care that is lavished on a Puracast bath is second to none, with each bath being finished by hand in the UK. Our highly skilled team layer the baths with 7 levels of fibreglass and give each one that final premium lustrous, easy to clean finish that makes a Puracast bath so special.

### **Our guarantee**

We are so proud and confident in our Puracast Baths that we are delighted to offer a 25 year Guarantee with each bath.

# WHY CHOOSE PURACAST?

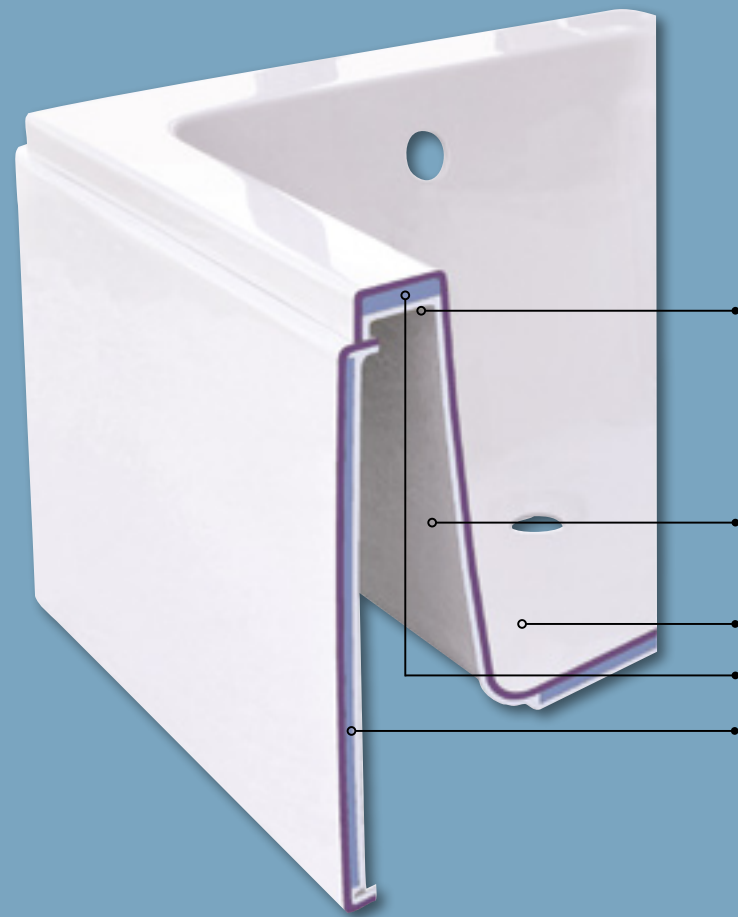

Puracast baths are the ultimate premium bath.

Hand finished in the UK to the most exacting of standards, they are rigid, durable, strong and with a reassuring substantial weight, are perfect for all bathrooms, regardless of bath style chosen.

The versatility of the materials used, the advanced manufacturing process and the quality of our craftsmanship means that Puracast baths can be designed in beautiful sculptural shapes that suit the contemporary bathroom.

Made from a generous 5mm of acrylic, the baths are reinforced with 7 layers of hand applied fibreglass core matting and resin bonding. Plus the timber framed bath rims and bath bases are fully encapsulated in fibreglass matting and resin bonding providing extra rigidity, meaning the bath will not 'flex' when you step in.

## BATHS OF STRENGTH & QUALITY

Constructed using the finest 5mm acrylic lucite sheet, providing a bath offering comfort and excellent thermal retention

Seven layers of resin bonded fibre glass encapsulation for strength and rigidity, creating one of the strongest baths available

The solid core reinforcing (up to 30mm) gives the Puracast baths strength and durability

Sturdy galvanised full width legsets provided with each Puracast bath ensuring supreme rigidity and balanced support across the entire bath base.

### Quality, strength and durability

Because of the rigour of the manufacturing process and the quality of the materials used, Puracast baths have superb thermal retention, so the water stays warm much longer than average acrylic bath, meaning you don't waste water or energy. The strength and durability created by the reinforcement process means you don't get that unnerving 'flexing' sensation when you step in.

### Manufactured by hand

The care that is lavished on a Puracast bath is second to none. Our highly skilled team layer the baths with 7 layers of fibreglass core matting and resin bonding by hand. Even the timber framed bath rims and bath bases are fully encapsulated using exactly the same process for extra strength and rigidity.

### Hand finished in the UK

Each Puracast bath is given that final premium lustrous easy clean finish at our manufacturing facilities in East Sussex. It's the finishing touch that makes Puracast baths so special.

We are so proud and confident in our Puracast Baths that we are delighted to offer a 25 year Guarantee with each bath.

## 5'6" imperial retrofit

Both Platto single and double ended baths are ideal to replace and retrofit against old 5'6" imperial sized baths

The Puracast bath range would not be complete without a water saving 'eco' option. Perfect for anyone wanting to keep an eye on water bills or for builders and developers who need to meet new build compliance regulations.

Choosing the right 'eco bath' is simple. This special range is supplied with an undrilled bath overflow and arrives complete with a water capacity level indicator template, which allows you choose the desired water capacity for the bath.

Simply drill a 45mm hole at the water capacity level you require\* and install the waste fitting. Finally remove the low tack, easy to remove label – it will not mark or damage the bath.

\*To ensure there is no damage to your bath during installation Pura Eco baths can be drilled at our factory, to your specification at no extra cost

- Water saving features
- Ideal for new build specification requirements
- Adjustable overflow positioning

# SHOWERING PACKS - CREATE THE LOOK

In addition to our shower packs, you can also design and build your own bespoke shower solution. Simply follow the steps below to build the shower of your dreams.

## Step 1

Choose your concealed single or dual outlet shower valve or select a single outlet bar valve. (Please refer to the shower valve section from page 116)

## Step 2

Team your chosen shower valve with a choice of adjustable rail systems and/or fixed drencher head designs. (Please refer to pages 119-121)

## Step 3

Accessorise your chosen solution with our range of wall outlets, parking stations, hoses and hand showers as well as basin and bath wastes and fillers. (Please refer to the accessories and wastes section from page 92)

# GUARANTEE

All Pura Bathrooms brassware is supplied with complete with a 10 year guarantee from date of purchase covering against manufacturing defects, provided the product has been installed, used and regularly maintained in accordance with our installation and maintenance instructions.

All working parts such as hoses, cartridges, seals and waste mechanisms, which are subject to normal wear and tear, are covered for 3 years from proof of date of purchase.

This guarantee applies to the original purchaser only and is non-transferable.

This guarantee does not affect your statutory rights.

This guarantee is only applicable in the U.K. and Republic of Ireland.

## SERVICEABLE COMPONENTS

In the event that a spare component is required, we hold stock of all serviceable parts which are usually available on a same day dispatch process. Spare parts can be ordered through our aftersales team either by telephone 01892 611240 or email [aftersales@purabathroomsgroup.co.uk](mailto:aftersales@purabathroomsgroup.co.uk). If the required spare part is within our 3 year working part warranty, we will require a copy of the original proof of purchase to activate your warranty.

## RETURNS POLICY

In the unlikely event that the return of a replacement part is required, please contact our returns department on [returns@purabathroomsgroup.co.uk](mailto:returns@purabathroomsgroup.co.uk) or 01892 611240. All returns may be subject to a 25% restocking charge.

## FURTHER TERMS AND CONDITIONS

For further details, including a full set of Terms and Conditions for Pura Bathrooms Brassware, please refer to our website at [www.purabathrooms.co.uk](http://www.purabathrooms.co.uk)

All products demonstrated in our brochure are for reference purposes only and actual product may differ from the images shown. The company reserves the right to alter, modify or change any product without prior notice.
